

# HARDING VISITS CANADIAN NEIGHBORS

## Harbor Bond Issue Support Pledged

### URGE PORT ELECTION CALL

Associated C. of C. Backs Move for Improvements To Cost Million

### BARGE SERVICE PLAN ENDORSEMENT VOTED

Huge Savings in Freight Shipments If Measure Passed Pointed Out

The enthusiastic support of the Associated Chambers of Commerce of Orange county today was pledged to the support of further improvements at Orange County Harbor following a resolution, unanimously passed by the boost organization, at its meeting at Orange last night, urging the board of supervisors to call a bond election for \$1,000,000 for the project.

Harry D. Riley, of Anaheim, was the author of the resolution. J. A. Armitage, of Sunset Beach, seconded the motion.

The Associated Chambers also went on record as endorsing the project of J. C. Hayden, of Santa Ana, and Jack Whitney of Balboa, to institute a barge service between San Pedro and Orange County Harbor and a truck line from the harbor to points in Orange, San Bernardino and Riverside counties.

The endorsement also carried the recommendation that resolutions be drawn and copies be sent to each member organization, with the latter in turn passing resolutions urging business men of their respective communities to give their royal support to the service. George Raymer, Fullerton; J. C. Metzgar, Santa Ana, and Malcolm Fraser, Anaheim, were appointed as a committee to prepare and forward these resolutions.

### Harbor Value Stressed

Recommendation to the supervisors that the \$1,000,000 election be called at an early date climaxed declarations that the harbor is one of the most important of county assets and that further development should be pushed with all speed so that it may have its influence in "hastening the day when all of Orange county will be one city and neighbors will be located on fifty-foot lots," as expressed by Dr. G. C. Huston, of Costa Mesa, president of the Orange County Harbor Chamber of Commerce.

No voice was raised in opposition to the bond issue and the big project, but there was opposite opinions as to the savings that may accrue to county merchants with respect to freight rates.

Harry Welch, who recently assumed the position of secretary of the Orange County Harbor Chamber of Commerce, presented estimates indicating that establishment of a deep water harbor, with ocean traffic and terminal rates, would decrease the grocery costs of each family in the county \$12 annually, with other savings at a corresponding ratio.

**Service Big Item**  
H. A. Lake, of Garden Grove, warned against issuing statements of possible big savings in freight charges, declaring that if a saving of \$1 a ton were made on imports, the expenditure of \$1,000,000 of county funds would be fully justified.

"Service, and not a saving in freight costs, will be one of the big values of the harbor," declared Lake, who pointed out that the congested condition at San Pedro made it almost impossible to get quick delivery from that port. He asserted that a lumber shipment was delivered to him thirteen days after it was unloaded from a boat at San Pedro.

Declaring that a careful estimate had revealed a possible savings of 2 per cent on groceries alone, Welch estimated that the grocery bill of a family would average \$50 a month and the grocery savings per family at \$12 a year. He said in this one item alone residents of the county would save enough to pay 5 per cent interest on an issue of \$3,840,000.

**Shipment Savings Great**  
He asserted that traffic engineers had stated the probable

He's President

**ALEKSANDRAS STULGINSKAS**, recently elected as president of Lithuania, he has a big task on his shoulders in settling boundary disputes with Poland. Lithuania was formerly part of Russia and became an independent state in 1918. The country touches the Baltic sea and lies between Poland and Russia.

### LOUISVILLE MAN CHOSEN BY BAPTISTS

World Alliance Meeting in Stockholm Elects Dr. Mullin to Succeed Dr. McArthur.

STOCKHOLM, July 26.—Dr. E. Y. Mullins of Louisville, Ky., was elected president of the Baptist World Alliance today, to succeed the late Dr. R. S. McArthur, who died in February this year.

Dr. Mullins is a native of Mississippi and a graduate of the Southern Baptist Theological seminary at Louisville, of which institution he has been president since 1899. He has been editor and foreign mission secretary at various times in his career and is the author of many books dealing with the philosophy of religion.

In May, 1921, he was elected president of the Southern Baptist convention, which office he now holds.

### "30" Bulletins

**CLEVELAND, O., July 26.**—Chick Evans, defending champion, was three up on Freddie Lamprecht at the end of the 18 holes in the third round of the western amateur championship tournament at Mayfield country club today. Jess Sweetser, national champion, was five up on Dexter Cummings, the collegiate champion.

**COPENHAGEN, July 26.**—Premier Lenin of Russia has suffered a relapse and has been forced to take to his bed, a dispatch from Moscow stated. Lenin's temperature has risen and he is suffering choking fits, the dispatch said.

**DENVER, Colo., July 26.**—The Rev. Walter A. Grace, former Catholic priest of the Shrine of St. Anne, Arivada, Colorado, convicted yesterday of forging an application for a liquor permit, was sentenced to two years in federal penitentiary at Leavenworth by Judge J. Foster Symes of federal district court today.

**STRENGTHENS WEAK EYES**  
Old fashioned camphor, witch-hazel, hydrastis, etc., as mixed in Lavoptik eye wash, strengthens eyes and relieves any case weak, strained or sore eyes. Acts surprisingly quick. Aluminum eye cup free. C. S. Kelley, druggist, 101 E. 4th St.

### Steel Magnates Seek Basis for Change to Eight Hour Day Plan

**NEW YORK, July 26.**—Executives of the United States Steel corporation gathered around the conference table in company headquarters here today to plan the first step in elimination of the 12 hour day—storm center of labor disputes in the industry.

With Judge Elbert H. Gary presiding, the conference went to work to find the basis upon which the revolutionary change may be made.

## \$10,000,000 VALUATION GAIN!

### TRACE VILLA DEATH PLOT TO L. A.

Charge Bandit Chief Slain to Halt His Entering Politics

(By United Press Leased Wire)  
WASHINGTON, July 26.—Francisco "Pancho" Villa, Mexico's picturesque bandit chieftain, was killed as the result of a political plot to murder him, hatched at Los Angeles, it is charged in a statement received here today by the International Association for the Advancement of Religious and Political Liberty of New York.

Villa was slain last Friday near Parral. The statement is signed by Wilbur Bates, executive secretary of the association, and is headed with the names of Alonzo M. Mariscal, president, and Pedro de Villar, treasurer. Mariscal and Villar are identified here as sympathizers with the old regimes of Mexico.

The killing of Villa was the result of a conspiracy hatched in Los Angeles, California, where General Elias Calles, secretary of the interior of the Oregon government, General Siano, secretary of war, and General Perez Trevino, Oregon's chief of staff, met after the American commissioners arrived in Mexico City for the recognition conference there, the statement declared.

The Mexican embassy here today issued an official announcement tending to confirm the statement from New York. The announcement said the embassy was in receipt of official advices stating that fifteen days before Villa's death the bandit leader made public documents showing that personal enemies were seeking his life.

The embassy declared there is no doubt Villa's assassination was due to grievances dating back to when he was a revolutionary chief and concluded that the government is doing everything possible to clear the facts of the murder and to effect the capture of the murderers.

LOS ANGELES, July 26.—Police and federal officials today began an investigation of a report emanating from Washington, that Pancho Villa, slain bandit chieftain met his death as a result of a plot hatched in Los Angeles. Further details will be asked immediately, it was said at police headquarters here.

Those well informed in Mexican affairs here profess to believe that Villa was again about to enter politics at the time of his death, and that he was killed by former enemies who had been induced by the present Mexican government to forget former differences when Villa agreed to lead a quiet life on his ranch.

As a coincidence today police took steps to guard the home here of Fred A. Dato, brother-in-law of Esteban Cantu, former governor and virtual dictator of Lower California.

Two letters, believed to be the work of a crank, have been received by police threatening Dato's life, and intimating that the writer was the one who attempted to set fire to Dato's house several weeks ago. The letters were formed from letters and words clipped from a newspaper and pasted together.

"Will get him—I am slayer of four buried under the sand. FINAL death letter. The leader" one of the letters read.

No clue to the identity of the writer has been obtained. The guard will be continued for some time, it was said.

### Fear Ex-Crown Prince In New Plot to Take Throne

AMSTERDAM, July 26.—Frequent and mysterious visits of the former German crown prince to Doorn, the retreat of the former kaiser, has aroused fear here on a new German monarchist plot. The kaiser likewise recently has been receiving more than his usual number of visitors from Germany.

The crown prince has been noticed coming and going from the castle frequently.

His latest call followed the mysterious visit of the yacht Hohenzollern at Wieringen. After the call was concluded the yacht hoisted the imperial flag and sailed for Germany.

The authorities here are at a loss to explain the significance of the occurrences.

In Bavaria within the last few weeks there have been numerous monarchist outbursts and the movement has reached such proportions that the newspapers are flooded with comment.

## VEGETABLE, FRUIT SHORTAGE HINGES ON VACANT TRACT

Housewives of Santa Ana today were being threatened with a shortage of fresh vegetables and fruits.

Not that there isn't a sufficient supply in the vicinity—that would be more unusual—but seemingly there is a shortage of parking space for wholesale vendors to unload their wares.

The showdown is due tomorrow morning at 4 a. m.

Few housewives likely will be on hand to watch the result, but market retailers and wholesalers alike either will have or will not have solved a problem that confronted them like a thunderbolt today.

City Marshal Claude L. Rogers is to blame. He admits it. But he was acting under instructions and for the best interest of the sleeping public in a certain district when he served notice today on vendors that they no longer would be permitted to conduct the "peddlers' market" at the southwest corner of Second and Broadway streets.

### Council Orders Move

The notice was issued on instruction of Police Commissioner George McPhee, to whom the city council, Monday night, delegated full power to handle the market situation, following complaint of residents in the neighborhood that their peace and quiet was disturbed at the unseemly hour of 4 a. m.

Rogers said that twenty-seven cars and trucks drove onto the lot this morning between 4 and 4:15 a. m., with the vehicles making a big volume of noise—a volume sufficient to wake up sleepers residing within a block or two of the corner.

### Site Yet Is Problem

The market manager this morning had not procured another site, and it was said that some difficulty may be experienced in finding a location where the marketers may ply their business and not disturb sleepers.

It was pointed out that if an unloading location were not found, Santa Ana retail fruit and vegetable markets might become painfully shy of these foods, even by tomorrow morning.

## CLAIM REVENGE MOTIVE BACK OF SLAYING

(By United Press Leased Wire)

**BATTLE CREEK, Mich., July 26.**—Revenge for being drafted into the army during the war was today assigned as the motive for the murder of Dr. W. H. Shipp, 47, prominent physician here, by Morris Werrin, ex-serviceman, in the doctor's office late yesterday.

Dr. Shipp was shot thirteen times with the two guns carried by Werrin.

After the murder Werrin leaped through a window and fell six stories to the pavement. Every bone in his body was broken.

Dr. Shipp was examining physician for the local draft board during the war and in spite of Werrin's protests, declared the man was physically fit to serve in the army. At the time Werrin swore he would get "revenge," Dr. Shipp told friends.

When Werrin reappeared here several weeks ago after being released from Leavenworth penitentiary where he served time for deserting the army, Dr. Shipp told friends he feared Werrin would carry out his threat.

## STATE TO LINK MAN WITH L. A. DEATH CASE

LOS ANGELES, July 26.—Startling evidence in the preliminary hearing of Mrs. Valburga Oesterreich, accused of the "closed murder" of her husband, Fred Oesterreich, was expected this afternoon when the state plans for the first time to name the man who, it is alleged, was the companion of Mrs. Oesterreich in the asserted murder plot.

At the morning session of the hearing defense attorneys attempted to tear down the net work of circumstantial evidence which the state is piling up against the comely widow.

They began cross-examination of Mrs. Flora Dawson, next door neighbor of Oesterreichs at the time of the murder, who testified to hearing the shots, and, peeping from her bedroom window, seeing a man's legs moving around underneath the half-drawn blind of the Oesterreich living room six minutes after the shots were fired. She also testified to hearing some one run upstairs in the Oesterreich house.

The defense attempted to show that her contentions were impossible, and that it would have been impossible to hear footfalls in another house at a distance of 30 feet—which separated the two residences. Also gained from Mrs. Dawson the admission that a five foot hedge separates the two houses.

Vague and unclear answers on the part of Mrs. Dawson drew forth numerous admonitions from the court.

### Baseball Results

**AMERICAN LEAGUE (First Game)**

## REGISTER TO GET NEWS ON TITLE FIGHT

Dundee, Criqui to Stage Battle for Featherweight Title in Gotham Tonight.

Eugene Criqui, world's featherweight champion, Johnny Dundee, aspirant to the title, and The Register are all set for tonight's big battle at the Polo Grounds in New York. While the two fighters are trading swats in the Gotham ring, The Register's megaphone man will be giving a detailed account of the contest to local fans.

Dundee is remembered by many local fans as the 20-year-old youth who ten years ago fought Johnny Kilbane a fast 20 round bout at the Vernon arena for the featherweight title. The fight ended a draw.

Dundee is the favorite in tonight's scrap with the game little Frenchman who took the title away from Kilbane a few weeks ago. Sport critics agree that the fight will be good no matter who wins.

The fight is scheduled to start at 6 p. m. Pacific coast time.

## INVADERS HALT BIG BLOCKADE IN GERMANY

BERLIN, July 26.—The traffic blockade imposed upon the Ruhr by French and Belgian troops was lifted at midnight, allied authorities announced here today.

A serious food shortage in the occupied areas resulted from imposition of the blockade and hordes of foodstuffs were piled at the limitations of the forbidden zones. These could not enter unless the occupiers tax was paid and this the Germans refused to do.

Will Hold Reception.

Following the dinner there will be a reception at which the president and Mrs. Harding will receive several hundred Canadian citizens. Mr. Harding regards his call here today as more than a mere exchange of social courtesies. He regards as important anything which will tend to cement more closely the friendly relations and good understanding between the people of both sides the invisible and unguarded border line.

As he has frequently said in his speeches, Mr. Harding has made his entire journey as an "apostle of understanding." This was true in his efforts to explain to the American people in his speaking tour across country the policies and activities of his administration. He was seeking understanding between the people and their government. In Alaska he sought to bring about the same sort of understanding, to supplant misunderstandings he felt were standing in the way of Alaskan development.

Here in Canada he believes that his visit today will be an example to the world of friendship of two great nations, living side by side in perfect amity with a 3000 mile frontier between them across which not a single gun is pointed. Today should serve, he feels, to emphasize this to the rest of the world, where post-war jealousies and hatred are still aflame.

## PRESIDENT OFF SOIL OF U. S.

Executive Regards Visit as Move to Cement Friendly Relations

### HOLDS NATIONS SET EXAMPLE FOR WORLD

Golf Game, Reception and Speech Mark Halt of Southward Voyage

VANCOUVER, B. C., July 26.—A more enthusiastic welcome than he got anywhere in his own country was given President Harding here today when he dropped in for a neighbor's call on Canada. The President was met at the dock by a committee of city and dominion authorities and was then driven to Stanley Park, between Lanes of wildly cheering people, and delivered his address, which was received warmly. The Henderson will sail tonight for Seattle.

VANCOUVER, B. C., July 26.—President Harding dropped in today for a neighborly call on Canada.

Mr. Harding and the official party that accompanied him to Alaska were due to dock at Vancouver at 11 a. m. and to spend the remainder of the day in an exchange of amenities with Canadian officials and citizens. His visit here marks the first time Mr. Harding has stepped upon foreign soil since his election, and he is the only President except Mr. Wilson who has thus visited a foreign country while in office.

But Mr. Harding does not regard Canada as exactly a foreign land, though a different flag waves over it. He has always admired the independence, aggressiveness and pioneering spirit of the Canadians, and when the invitation was extended him to stop here while making his Alaskan voyage, he eagerly accepted.

### Friendly Sentiments.

The principal event of the day, politically at least, is to be Mr. Harding's speech at a luncheon tendered him at 1 p. m. by the civic government. At that time, the president will express those sentiments of friendship he feels with respect to Canada and Canadians. He is to get here the first round of golf in many days. His golf has been neglected since he started from Washington more than a month ago. He had one or two rounds before embarking for Alaska, but none since.

This afternoon he will play at the Shaughnessy Heights club. He will be the guest at dinner tonight of the dominion government, represented by most of its high officials, including Hon. N. C. Nichol, lieutenant-governor of British Columbia.

### Will Hold Reception.

Following the dinner there will be a reception at which the president and Mrs. Harding will receive several hundred Canadian citizens.

Mr. Harding regards his call here today as more than a mere exchange of social courtesies. He regards as important anything which will tend to cement more closely the friendly relations and good understanding between the people of both sides the invisible and unguarded border line.

As he has frequently said in his speeches, Mr. Harding has made his entire journey as an "apostle of understanding." This was true in his efforts to explain to the American people in his speaking tour across country the policies and activities of his administration. He was seeking understanding between the people and their government. In Alaska he sought to bring about the same sort of understanding, to supplant misunderstandings he felt were standing in the way of Alaskan development.

## Rickard Signs Dempsey, Firpo For September Title Struggle

**NEW YORK, July 26.**—Jack Dempsey will defend his world's heavy weight championship against Louis Firpo at the Polo Grounds on September 12 or 15, it was learned from a reliable source today.

Tex Rickard, who has signed both fighters, would not comment on the date or the place he has selected for the bout.

Dempsey will get a large percentage of the purse and Firpo has been guaranteed not less than \$100,000 for his end.

Firpo, with a large grouch on board, was heading west today to start a string of set up matches.

The South American champion, it was learned, claims that Rickard forced him into the match before he was ready and that this match will cost him almost \$300,000.

Firpo considered the Dempsey bout "as dangerous" and so did movie producers with whom he contracts and Firpo also figured that the Dempsey match could wait a while, but Rickard flashed the contract which Firpo had signed agreeing to fight Dempsey before the end of the year and the South American was forced into the match.

## Why Have Ugly Itchy Pimples?

Hokara Clears Skins Quickly of All Unpleasant Eruptions.

For several weeks past druggists have done a big business and made lots of friends simply by recommending and selling Hokara — a skin healer that has miraculously aided many people in restoring to them a clear, natural, healthy skin.

Hokara by its antiseptic healing qualities has been found to correct quickly all minor skin troubles such as pimples, blackheads, herpes, acne, scaly scalp, complexion blemishes, itching feet, and piles. Ulcers, sores, salt rheum, and even chronic eczema respond readily.

There has yet to be found any form of skin disease that Hokara does not greatly help, and its action is so quick, pleasant and healing that those who have used it are delighted with it. In spite of its unusual healing powers Hokara is not expensive and you can try it on the money back if dissatisfied plan. C. S. Kelley Drug Store can supply you.—Adv.

## Local Lions Club Plans Drive Against Use of Narcotics Here

Delegate to National Meet of Organization Gives Resume of Sessions

Suppression of the use of narcotics in Santa Ana will be one of the big undertakings of the Santa Ana Lions club, Harry Hanson, president, announced at today's meeting of the club at St. Ann's Inn.

The president announced that the directors of the club had decided to make this subject one of the feature campaigns of the club for the coming year.

The statement of the president followed conclusion by Dr. Elliott H. Rowland, of his report on features of the convention of the International Association of Lions clubs, held in June at Atlantic City.

Rowland reported that crime prevention had been chosen by the association as one of the big activities of all clubs. The program is to assist in suppressing use of narcotics and in assisting in the observation of the Volstead law, Dr. Rowland said.

Reports disclosed to him that more clubs had been organized in California the past year than in any other district in the United States, with the average of membership higher than that of clubs in other districts.

Speaking as deputy district governor for this district, Rowland said that efforts of the office would be

John S. Noel, prominent manufacturer and banker of Grand Rapids, Mich., elected president of the International Association of Lions Clubs, at the seventh convention of the organization, held at Atlantic City, N. J., at which Dr. Elliott H. Rowland represented the Santa Ana club. Rowland today made a report of the convention to the local club at its meeting at St. Ann's Inn.

directed more this year to cementing ties between the clubs than to increasing the number of clubs in the district.

Warren Hillyard, county surveyor, was chairman of the program committee for today.

## New Harbor Chamber To Be Speaker Here

Harry Welch of Newport Beach will be the speaker at tomorrow's luncheon of the Santa Ana Realty Board at St. Ann's Inn, according to announcement here today by J. C. Wallace, secretary. Wallace also stated that he has a surprise program arranged. Welch is the new secretary of the Orange County Harbor Chamber of Commerce.

## SEEK REDUCTION IN PRICE OF GASOLINE

CHICAGO, July 26.—A national conference to reduce present "excessive gasoline prices in the middle west and southwest" 4 cents a gallon was opened here today by independent producers, refiners and gasoline distributors.

Several hundred delegates are attending. Officials of the National Petroleum Marketers' association, which called the meeting, said ways will be devised to wipe out "an artificial market created by a group of refiners over which the independents have no control" and to bring about the 4-cent reduction at filling stations.

## BOOZE CASE PRIEST TO CONTINUE FIGHT

(By United Press Leased Wire) DENVER, Colo., July 26.—Father Walter A. Grace, a felon in the eyes of the law, spent last night in the county jail, following his conviction on two counts of forging an application for a government permit to buy liquor.

The night in jail did not have any appreciable effect on the priest's genial and dignified nature. He was immaculately dressed in his clerical garb.

Hints were dropped by the priest that he was the victim of a plot. "Of course we will continue our fight for justice," the priest replied to questions on the future. "The procedure is for my attorney to decide. I am as ignorant of the law as a lad of 15."

## Seal Beach Scouts Add Second Troop

SEAL BEACH, July 26.—Mrs. C. R. Clark, who is visiting her son and daughter, Mr. and Mrs. W. R. Clark, was given a birthday and farewell party Monday evening at the home of Mr. and Mrs. J. Brent in Long Beach. The rooms were beautifully decorated for the occasion with roses and sweet peas.

Music was furnished throughout the evening by Mrs. De Bolt, violinist; Mrs. Childs, pianist; and G. P. Conover, a master of the saxophone. The favored guests who enjoyed a most delightful evening were Mr. and Mrs. C. R. Clark and daughter, Mrs. W. R. Clark, Mr. and Mrs. C. L. Ferris, Mr. and Mrs. Moore, Mr. and Mrs. W. R. Clark, Fred Thomas, Mr. and Mrs. William Thomas, Miss Helen Smith, Mrs. De Bolt, Mrs. Childs and G. P. Conover.

Mr. and Mrs. C. R. Clark and Miss Lora left for their home in Texas Wednesday.

Miss Jean, sister of Scotts Bluff, Neb., spent two days with Mrs. R. D. Pickrell this week. Miss Gates teaches in the Chicago schools and is spending her vacation with her sister in Los Angeles.

Mr. and Mrs. C. B. Green and two children of Pasadena are enjoying a two weeks' outing in Seal Beach.

Mr. C. M. Conlee and two children spent the week-end in Redondo with Mrs. Conlee's sister.

Miss Ruth Sexton is spending a week in Seal Beach. Miss Sexton comes from Brea.

Lawrence Stallings of Boston, Mass., came in Monday to visit his brother, Fred Stallings. The brothers had not met before in thirteen years. Mr. Stallings will probably locate in California permanently.

Mr. and Mrs. W. M. Wachter of Whittier, Mr. and Mrs. Webb of Los Angeles and Miss Alice Wilson of Los Angeles were among those who called on Miss Sadie Dyson the first of the week. Mr. and Mrs. Otto Little and two sons of Los Angeles, who used to live next door, were callers also.

Mr. Cline is having the pleasure of a visit from his father and the five little girls find plenty to say to grandfather.

A weenie bake and marshmallow roast were held on the beach recently in honor of Miss Clara Metz, who was a guest of Mr. and Mrs. Ida Bennett. Those present were Ida Shupe, Norma and Doris Reed, Donald Morris, Walter Shupe, Henry Bennett, Billie Richards, Wilford Wilson and Clara Metz.

Mr. Metz and son Allen and enry Bennett expect to leave next Saturday for a five days' fishing trip.

son, to visit at the Bowls home on South Pomona avenue.

Harry Rogers has been rooming at Bowls'.

Wednesday evening, July 18, they met.

Saturday evening, July 21, at about midnight they were married.

County Clerk Backs was aroused from his home to issue the license.

Judge J. B. Cox was also disturbed by the couple. About midnight Judge J. B. Cox married them at Santa Ana. It is still undecided as to where the young couple will reside.

## URGE ELECTION TO PROVIDE PORT FUNDS

(Continued from Page 1)

savings on orange shipments would be approximately \$8 per ton, which would be the equivalent of a decrease in transportation costs equal to \$67.20 for every acre of citrus fruit in the county.

Savings to walnut growers, he estimated, would be \$12.30 an acre, and to bean growers, \$2.70 an acre. Based on the average tonnage of these products, he estimated a savings to citrus growers of \$113,916; walnuts, \$133,968, and beans, \$140,400. He developed these figures, he said, on the basis of reduction of \$8 per ton on water transportation as against rail.

Taking up the point as to the additional tax the issue would involve, he asserted that land assessed at \$1500 an acre would bear an increased tax of 75 cents; \$2000, \$1.50, and \$1000, 50 cents.

Increased Values Told W. A. Irwin presented figures revealing that taxes in the harbor district had increased by reason of advanced value resulting from the harbor improvement until today the increase is virtually paying the principal and interest on the \$500,000 bonds voted in 1919. He said the district was paying \$20,776.40 in county taxes when the county improvement program was begun.

For the fiscal year 1922-23, the district paid \$44,982.87, or an increase of \$24,206.87. Irwin pointed out that the average principal payment on the harbor bonds is \$20,000, with an average yearly interest charge of \$11,000, or a total annual charge against the bonds of \$31,000, leaving the county at large carrying only \$6,793.53.

He estimated that within ten years the harbor district taxes would be \$112,455, an increase over 1919 of \$91,477, sufficient to take care of principal and interest on an increase of \$1,500,000.

"Big opportunities are knocking at our door," said T. B. Talbert, of Huntington Beach, chairman of the board of supervisors, as he declared his belief that his home city would cast a 100 per cent vote in favor of the bonds.

Other Counties Interested R. L. Bisby, of Santa Ana, asserted that residents of Riverside and San Bernardino counties apparently were more alive to the possibilities of the harbor and more keenly interested in its development than many residents of Orange county.

"Orange County Harbor in time will equal that of San Pedro," was the comment of L. F. Coburn, of Orange. "We have a better foundation; we have the genius; we have the money; we have the determination—let's complete the harbor and prepare for the day when all Orange county will be one great city."

He believes that in Newport bay we have the nucleus for one of the greatest harbors on the coast," J. C. Hayden, district manager for the Southern Counties Gas company, declared.

J. A. Beek, of Balboa, harbor master, secretary of the state senate, and chairman of the program committee for last night, discussed briefly the value of the harbor as a source of advertising for the county.

East Jetty Important Dr. J. L. Wherry and W. W. Middleton, of Costa Mesa, commented favorably on the harbor and the necessity for immediate further development.

Lew H. Wallace, reporting as chairman of the harbor committee, pointed out that construction of the east jetty was one of the important projects contemplated in the expenditure of the money derived from a second bond issue. He asserted that the foundation is being laid at that time for establishment of a wholesale lumber yard at the harbor.

One hundred and twenty-six men and women were present at the meeting.

The address of welcome was made by L. F. Coburn, Orange, and the response by J. A. Armistead, Sunset Beach.

Vocal selections were rendered by E. E. Barr, who was accompanied by A. S. Lindholm, and by Mrs. Clyde Newton, who was accompanied by Mrs. A. C. Burkett.

The harbor chamber will be host for the August meeting, with a trip over the jetty as a feature. Dinner will be served at the women's club house at Costa Mesa.

## Hunt On for Oregon Girls In California

SAN FRANCISCO, July 26.—In a telegram received here Sheriff Frank Richard, of Albany, Ore., requested the local police to be on the lookout for two runaway girls, 13 years of age, one of which is an Indian who disappeared from Glendale on July 18, expressing the intention to "hike" to San Francisco. The runaways are Blanch Walsh and Bertha Berry. Both were pupils at St. Mary's Academy, Glendale, Ore., and it was from there that they disappeared. They told other pupils that they were going to "hike it" to this city and get as many rides from touring motorists as they could.

## 'Hypo Burglar' Gets Girl Sleeper's Ring

LONG BEACH, July 26.—Miss Eva O. Cooper awakened today, the victim of a "hypo-burglar" who secured a \$1400 diamond ring from her apartment last night while she slept under the influence of a drug injected in her arm. Miss Cooper is under the care of a physician.

Mell Smith wants to buy 5,000 used watches. 313 W. 4th.

Phone 237 for good daily product.

## Hold Suspect Under Plaintiff of Holding Up Principal at Orange

Deputy Sheriff Scott Willson was called to Los Angeles today to take charge of Willard Craig, wanted here on a charge of robbery. Craig and Donald Cornelison, both of Orange, are accused of holding up F. A. Henderson, Orange high school principal.

Cornelison was taken into custody soon after the alleged robbery, but Craig made his escape, only to fall into the hands of the Los Angeles police, who arrested him, it was stated, on a charge of carrying a concealed weapon.

Henderson was held up last Friday night. A young man, whom the police say is Craig, approached and asked for a match. Henderson obliged and he then was commanded to "stick 'em up."

Instead of "frisking" the principal, the youth commanded him to hand over his money, which proved to be less than a dollar.

The highwayman fled, leaving the principal to carry out his order to walk home with his hands over his head.

## INDICT SON OF MILLIONAIRE IN SLAYING

(By United Press Leased Wire)

WHITE PLAINS, N. Y., July 26.—Walter S. Ward, son of the millionaire baker, was indicted today by West Chester county grand jury for murder in the first degree, in connection with the killing of Clarence Peters.

Ward was held without bail.

The trial was set for the first Tuesday in September.

The Ward case has baffled authorities for months since the body of the slain ex-sailor was discovered alongside a lonely road in West Chester county.

Ward later confessed the crime, saying he slew Peters in self defense. He was arrested and later released.

The investigation was revived when new evidence was uncovered and there were whisperings that pressure had been brought to bear. Ward claimed he had been made the victim of blackmailers and that he was forced to slay Peters to save himself.

## YOUNG FILM BEAUTY BRIDE OF DIVORCEE

(By United Press Leased Wire)

LOS ANGELES, July 26.—James Kirkwood, movie actor and star of "The Pool" on the New York stage, and Lila Lee, motion picture actress, whom he married yesterday, were preparing today to leave for different destinations.

Kirkwood is going to Georgia to appear in "Wild Oranges." His wife is scheduled to help Thomas Meighan film "Woman Proof," which has San Francisco as a production setting.

Kirkwood and Gertrude Robinson were divorced at Reno, Nev., July 19. He immediately rushed to Los Angeles to wed 18-year-old Miss Lee.

Get a Japanese parasol for 95c, Saturday at Goff's.

## BERGER HALF ACRES

GOOD YEAR Service Station

THERE is a difference in tires. Only the new Good-year Cord Tire is made of highest-grade, long-staple, high-tensile cotton, built up by the Goodyear patented group-ply method, and equipped with heavier sidewalls and the beveled All-Weather Tread. The difference shows in the Goodyear's longer wear and lower cost per mile.

As Goodyear Service Station Dealers we sell and recommend the new Goodyear Cord with the beveled All-Weather Tread and back them up with standard Goodyear Service.

## The Ideal Roof

Consider these points about Pioneer Shingles:

Save labor because easy to lay. Permanent. Require no repainting because of the non-fading colors of Red, Green or Gun Metal. Can be laid as new roof or over old. No warping—no leaking. Beautiful. Fireproof.

Distributed by all reputable Roofing Contractors and Lumber Dealers.

## PIONEER SHINGLES

(SVA-30 Slate Surfact)

Manufactured by PIONEER PAPER COMPANY, INC. LOS ANGELES SAN FRANCISCO

## The Laun-Dry-Ette Way

is the greatest labor-saving system of washing that has ever been devised. For the Laun-Dry-Ette is both a washer and a dryer.

No Wringer to Feed

The Laun-Dry-Ette has no wringer. Instead of your having to force the clothes through a wringer one or two pieces at a time, the Laun-Dry-Ette whirles them dry in one minute—a whole tubful at a time.

No Extra Tubs to Handle

The Laun-Dry-Ette washes the clothes quickly and thoroughly with remarkably efficient vacuum cups. Washing, rinsing and bluing are all performed in turn in the Laun-Dry-Ette. And instead of wringing the clothes after each operation, you merely press a pedal, turn a switch, and the Laun-Dry-Ette whirles the clothes wringer-dry.

No Buttons to Sew On

In seven years no Laun-Dry-Ette has ever broken a button or injured a fastener. This is because the Laun-Dry-Ette system of centrifugal drying makes it impossible to injure the clothes in any way.

If you want the greatest labor-saving electrical washer you will buy the Laun-Dry-Ette. Please call, phone or write.

## To Cite Harbor Bond Issue Plan At Federal Investigation Today

In position today to virtually assure General Amos Fries, in charge of the department of chemical warfare at Washington, D. C., that \$1,000,000 more of Orange county money possibly would be expended on the county harbor at Newport Bay, following endorsement last night by the Associated Chambers of Commerce of a county bond issue, harbor boosters at Newport Beach this afternoon were to seek to impress upon the visiting army official the value of improvements already made and of the program for future development.

General Fries was scheduled to arrive at the harbor at 2:30 o'clock this afternoon, accompanied by Major E. D. Ardery, United States army engineer in charge of the Los Angeles district office; Captain Gerald Counts, Major Ardery's assistant, and Captain Charles T. Leeds, Orange county harbor engineer and formerly engineer in charge of the government's office in Los Angeles.

Recognizing in General Fries a warm supporter of the project to establish a port at Newport Beach, residents of the beach city were determined to place before him the full scheme for developing a commercial harbor and industrial district.

It was pointed out that the visitor's support would go far at Washington in procuring federal assistance in the final development of the project.

General Fries formerly was in charge of the Los Angeles office and was familiar with the local project at the time of his service in southern California.

Following a boat ride over the bay, Major Fries and his party were to be guests at a dinner at the Newport Harbor Yacht club house at 6 p. m. Members of the Newport Beach city council and other men prominent in the community were to be present.

## 160 BODIES TAKEN FROM TRAIN WRECK

(By United Press Leased Wire) SOFIA, July 26.—One hundred and sixty bodies have thus far been recovered from the splintered wreckage of two Bulgarian express trains which crashed between Sofia and Varna Monday.

Two hundred persons were killed and 300 injured, it now is ascertained. Wrecking crews still are searching the entangled fragments of the two trains for bodies.

Faulty signaling is understood to be responsible for the crash, in which an engine and eleven coaches were derailed and flattened by the impact. From ten coaches no one escaped alive and dozens of victims were unrecognizable, mutilated under the grinding framework of the wooden cars. The collision took place near Fiova.

## WOMAN BOOTLEGGER IS SHOWN LENIENCY

SAN FRANCISCO, July 26.—Mrs. Ophelia Bacigalupi, owner of a restaurant at 802 North Point street, and the mother of two small children, sentenced by Federal Judge Partridge to three months in the county jail and fined \$500 for violating the Volstead act, will not have to go to jail.

Following a private investigation made by Judge Partridge and Attorney Joseph E. Connolly, it was shown that Mrs. Bacigalupi has an invalid husband and that it devolves upon her to care for him and their two small children.

After remission of the jail sentence the fine was reduced to \$300. The fine was paid.

The Register's news service today is covering the whole of Orange county.

## Meets Wife Three Days Before They Are Wedded; Motorcycle Cop Is 'Fast'

BREA, July 26.—The motorcycle officer of Brea is fast in other ways beside catching speeders.

In other words, he is fast in getting a wife.

Harry Rogers met his bride, Georgia Keene, just three days before he married her. It was a case of "love" at first sight. Miss Keene, who has been residing at 1013 West First street, Los Angeles, and has been cashier at the Burbank theater in Los Angeles for about one year, came with her friend, Miss Betty John-

son, to visit at the Bowls home on South Pomona avenue.

Mr. Strock.

## News Briefs

Claiming that the rail service is  
totally inadequate and very unsatis-  
factory on account of the time con-  
sumed in transit, J. C. Hayden pro-  
poses to establish auto freight  
truck service between Newport,  
Balboa, Santa Ana, Anaheim, Ful-  
lerton, Corona, Riverside, Colton,  
San Bernardino and Redlands and  
intermediate points. He has filed  
such an application with the rail-  
road commission for authority to  
operate.

Gerrard Brothers, Santa Ana  
grocers, have added another store  
to their chain. The firm has  
bought from G. E. Manspeaker the  
store known as the Anaheim Help-  
Yourself Store, at 249 East Center  
street, Anaheim.

The shoe repair shop at 104 East  
Sixth street has been sold by F. H.  
Blum to H. I. Pearson.

Yesterday a notice of sale of the  
Rossmore cafeteria, in the Rossmore  
hotel building, by H. W. War-  
wick to Carrie A. Nutter and others  
was recorded at the courthouse.

Settled into the routine of busi-  
ness life, Mrs. Charles H. Mc-  
Causland is once more at her  
stenographic desk at the Hotel  
Cooper, following her return from  
a three weeks' stay in Chicago  
where she was called by the ill-  
ness of her mother.

Poultrymen of Orange county  
are scheduled to meet tonight at  
the farm bureau office here to  
discuss and prepare a fall pro-  
gram for the bureau poultry de-  
partment.

Dr. J. A. Hatch, 303 1-2 West  
Fourth street, today had returned  
from a vacation during which he  
motored to San Francisco, via the  
inland route, returning along the  
coast highway.

Motoring to Lake Tahoe and  
San Francisco, both by the interior  
and coast highways for his vaca-  
tion, J. W. Shoemaker today was  
back at his post at the Miles Shoe  
company, 212 West Fourth street.

Including three building permits  
issued today for \$7200, eighty-nine  
permits have been issued here  
this month for \$419,971 in new  
buildings, which exceeds the total  
for the entire month of July,  
1922, by more than \$90,000, ac-  
cording to records of W. S. Deck-  
er, building inspector. For the  
year to date, 914 permits for \$3,  
229,203 in new buildings, have  
been issued, the records showed.

That William Overshiner, a gov-  
ernment engineer, has been trans-  
ferred from Washington, D. C. to  
San Francisco, was the news con-  
veyed in a message received here  
today by his mother, Mrs. Alice  
Overshiner, 601 W. West.  
Second street. En route to San Fran-  
cisco, he will stop in Santa Ana  
for a brief visit with his mother  
who is recuperating from the ef-  
fects of a serious illness due to  
blood poisoning.

Santa Ana lodge No. 20 Frater-  
nal Brotherhood, will meet tonight  
in the M. W. A. hall. New mem-  
bers will be accepted. Business  
importance will be transacted,  
according to announcement.

Members and friends of the Uni-  
ted Brethren church are anticipat-  
ing the same well-filled auditorium  
to greet E. M. Erickson tonight and  
the remaining nights of this week.  
The series opened last Sunday  
night. It was stated today by the  
pastor, the Rev. Jerome L. Parks,  
that there was a possibility of the  
speaker remaining over next week.

## Accuse Paper Hanger With 'Hanging Paper'

C. H. Rush, charged with issuing  
a worthless check, was held in the  
county jail here today in default  
of \$500 bail, following his arraign-  
ment before Justice J. B. Cox, who  
set the date of preliminary exami-  
nation for August 15, at 2 p. m.  
Rush, a paper hanger, is accused  
of issuing a bogus check for \$5.  
The complaint against him was  
filed by C. C. Brown, Garden  
Grove bank cashier. Deputy Sher-  
iff Ed McClellan brought Rush  
here from Long Beach last night.

## Garlic Fails to Keep, Damages Are Asked

SAN FRANCISCO, July 26.—  
Suit for the recovery of \$13,663  
was filed in the superior court  
by P. Posilone Co., Inc., of New  
York, against Hammer & Co., of  
this city, covering three carloads  
of Manchurian garlic, which, ac-  
cording to the complaint, refused  
to keep as guaranteed.

According to the complaint Posi-  
lone contracted to buy three car-  
loads of the Italian national per-  
fume in October, 1919. The ship-  
ment was to be all 1919 crop, and  
was guaranteed of the "long-keep-  
ing variety." The garlic arrived  
in New York on schedule, and im-  
mediately, it is alleged, began to  
pine away.

## GAS OVEN BURNS LA HABRA MATRON

LA HABRA, July 26.—Tuesday  
morning an accumulation of gas  
in the oven of Mrs. Arthur Miller  
caused an explosion, severely  
burning her right hand and arm  
and searing her hair and eye-  
brows.

Mrs. Clarence Jamison, who has  
been ill for some time, is spend-  
ing two months at the Monrovia  
sanitarium.

Mr. and Mrs. Albert Felkner's  
small son Kenneth, was severely  
burned on the face and arm when  
he upset a skillet of hot grease  
Saturday evening.

One of the pleasant happenings  
of recent date which far-shadowed  
an equally interesting event  
of the future was a dinner party  
over which Clifford Ronk of La  
Habra presided at the charming  
Wampler home in Whittier. Pink  
roses and ferns were used with  
highly decorative effect. Those  
who enjoyed the dinner were Mr.  
and Mrs. H. W. Ronk, Los Nietas;  
Misses Hazel, Ruth, Ruby and  
Hugh Langley, Sadie Harter, Ed-  
ith Brubaker, the honoree, Clif-  
ford Ronk and Los and hos-  
tess, Mr. and Mrs. C. W. Wamp-  
ler. Clifford Ronk will be mar-  
ried in the near future to Miss  
Oral McClelland of Fort Smith,  
Arkansas.

The purchase of Miss Mildred  
Doser of Anaheim, who is visit-  
ing Miss Capitola Hamilton,  
was stolen from a car while Miss  
Doser was attending a theater at  
La Habra Tuesday evening.

Mr. and Mrs. H. S. Ritch and  
son were mid-week guests at the  
home of Mr. and Mrs. A. C.  
Stamps, Redondo Beach. Mrs. A.  
C. Stamps returned with them to  
spend the remainder of the week  
with relatives and friends.

Mr. and Mrs. W. A. Linsdell  
visited Catalina Island over Sun-  
day. Mrs. Linsdell was the mus-  
icist for a Masonic entertain-  
ment being held at Avalon.

Dr. Clyde A. Crist of Santa Ana,  
district superintendent of the  
Methodist Episcopal church, was  
a visitor of Rev. Smith, Monday.

Mr. and Mrs. M. J. Bracken,  
who has been visiting at the  
home of Mr. and Mrs. A. J.  
Sweeney, of the cross roads, left  
Sunday for their home in Pitts-  
burgh, Penn.

Mrs. C. L. Crumrine, Miss Paul-  
ine Crumrine, Mrs. T. D. Lunsey,  
and W. A. Linsdell and Miss  
Ethel Linsdell were visitors to  
Los Angeles Monday.

The pretty little home of Mrs.  
Wages is nearing completion.  
They expect it to be ready by  
the time the Westers return. Mr.  
and Mrs. Wester did not succeed  
in procuring reservations to go  
to Alaska as they intended when  
they left La Habra.

Dr. and Mrs. E. Boice enter-  
tained Mr. Vivian Rowe of Fall-  
brook, Monday. Mr. Rowe is also  
visiting his sister, Mrs. Fisher,  
of the McPherson addition.

## KFAW TO BROADCAST BIG FIGHT RETURNS

KFAW will broadcast the re-  
turns of the Crigui-Danden bout  
tonight, beginning at 8 o'clock.  
Santa Ana time. The Register's  
direct wire from the ringside will  
give the fans full details of the  
contest as the two featherweights  
battle for the world's champion-  
ship title.

Musical numbers will be offer-  
ed to fill out KFAW's hour after  
the conclusion of the big boxing  
event.

## Vagrancy Charge Nets Six Months' Sentence

Ramon Duarte, charged with va-  
grancy, was found guilty and sen-  
tenced to six months in the county  
jail when he appeared today be-  
fore Justice J. B. Cox here. Deputy  
Sheriff Ed McClellan arrested Du-  
arte late yesterday.

## Local Man Accused of Issuing \$16.50 Check

A complaint charging H. A.  
Wright with issuing a fictitious  
check for \$16.50 to J. A. Mulhol-  
land of this city was on file today  
at the district attorney's office  
here.

The Register reaches the far cor-  
ners of the county.

## Is Your Work Hard On Your Kidneys?

Is your work wearing you out?  
Are you tortured with throbbing  
backache—feel tired, weak and  
discouraged? Then look to your  
kidneys! Many occupations tend  
to weaken the kidneys. Constant  
backache, headaches, dizziness and  
rheumatic pains are the natural re-  
sult. You suffer annoying bladder  
irregularities; feel nervous, irri-  
table and worn out. Don't wait!  
Use Doan's Kidney Pills. Work-  
ers everywhere recommend Doan's.  
They should help you, too. Ask  
your neighbor!

A Santa Ana case: R. M. Wal-  
lace, 848 Parton street, says: "I  
had backache and had to lay off  
work for a week at a time. I was  
lame and stiff mornings and the  
action of my kidneys was irregular.  
Doan's Kidney Pills soon rid me  
of the pains and other signs of  
kidney complaint and I was again  
able to do my work."

DOAN'S KIDNEY PILLS  
60c at all Drug Stores  
Roster-Milburn Co. Mfg. Buffalo, N.Y.

## Public Administrator Is Wanted for Estate

Letters of administration for the  
estate of the late Isaac Elem Bu-  
lar, who died July 17 in this city,  
were asked today in a petition filed  
in the superior court here by  
Charles D. Brown, public adminis-  
trator.

The deceased's only heirs were  
brothers and sisters, nephews and  
nieces, all residing in the East, ac-  
cording to the petition. The estate  
consisted of a \$5,000 dwelling in  
Santa Ana, it was set forth.

## MISSOURI PEOPLE REGISTER AT INN

HUNTINGTON BEACH, July 26.  
—Miss Nattie Blumberg, Mrs. L.  
Blumberg, Mrs. A. Pfaff and Mrs.  
W. C. Kreston of St. Louis, Mo.,  
registered at the Huntington Inn  
Sunday.

They will remain here for some  
time, as they are visiting at the  
home of Mr. and Mrs. Wharton of  
the Wharton grocery. Mrs. Whar-  
ton's mother is very ill.

## Sues for Relief On Desertion Grounds

Desertion and non-support were  
alleged today by Mary E. Pollard  
of Anaheim, who filed suit in the  
superior court here asking divorce  
from Guy D. Pollard.

The couple were married Janu-  
ary 31, 1917, and the alleged de-  
sertion was said to have taken  
place in Anaheim July 16, 1922.  
The plaintiff asks restoration of  
her maiden name, Mary Webb. She  
is represented in the suit by At-  
torney William P. Webb Jr. of An-  
aheim.

## CONSTRUCTION ON THEATER STARTED

HUNTINGTON BEACH, July 26.  
—Preliminary steps necessary to  
begin the construction work on the  
new \$100,000 theater and store  
building soon to be built by the  
Huntington Beach Investment com-  
pany, were made this week when  
two houses situated on the prop-  
erty were moved.

The building will be situated on  
the southwest corner of Fifth and  
Olive streets. The theater will face  
on Olive while the store buildings  
will front on Fifth. The upstairs  
will be devoted to apartments, it is  
understood. The contract is to be  
let July 31.

Fifth street is to be widened fif-  
teen feet from curb to curb, it was  
recently decided. Ten feet of  
ground was taken from each prop-  
erty owner on Fifth. The street is  
to be widened seven and one-half  
feet on each side and the sidewalk  
will be made two and one-half feet  
wider.

This improvement will be made  
on the street from Ocean avenue  
to where it joins Main street. The  
improvement will make it one of  
the best streets in the town. Sev-  
eral buildings fronting on the  
street are to be moved back. The  
old city hall street garage buildings  
are to have the necessary ten feet  
taken off the front and new fronts  
are to be put in them, it is said.

## Sentence of Convicted Forger Set at 3 Years

Manuel Leon, convicted of for-  
gery and sentenced from this county  
to San Quentin, July 15, 1922, must  
serve a term of three years, ac-  
cording to notice received here to-  
day from the board of prison di-  
rectors which determined the  
length of sentence.

## VISIT SAN JACINTO

HUNTINGTON BEACH, July 26.  
—Mr. and Mrs. Charles Overbury  
motored to San Jacinto Monday  
morning and spent the night there  
with friends. They returned home  
Tuesday afternoon. Mr. Overbury  
is the proprietor of the local  
camp grounds.

Any Japanese parasol Saturday  
at 95c. Goff's, 317 W. 4th.

## AUTO VICTIM DIES

SAN FRANCISCO, July 26.—  
John Frodin, 65, 536 Sixth street,  
died at the Central Emergency hos-  
pital from a fractured skull which  
he suffered when he was run down  
by an automobile. The accident  
happened at Third and Howard  
streets. The machine was driven  
by O. A. Wuolla, 2933 Balboa  
street, who will be arrested on a  
charge of manslaughter.

What happened? See it in The  
Register.

## PERSONAL NOTES OF GROVE PEOPLE

GARDEN GROVE, July 26.—  
Rev. and Mrs. S. F. Hellman left  
Wednesday for the annual camp  
meeting and conference in Los An-  
geles. Rev. Hellman is pastor of  
the Free Methodist church and has  
made many friends during the past  
year. He feels encouraged over the  
outlook for the church work in the  
future. The meeting and confer-  
ence will last until August 5 and  
there will be no services in the  
church until August 12.

A number of Garden Grove men  
and friends from out of town went  
deep sea fishing Monday. They  
were out quite a few miles from  
Laguna and reported a very good  
catch. Several of the men took  
large lunches but they brought it  
all back. Those who went from  
Garden Grove were Fred Blake,  
Earl Lawton, Billy Davis and John  
Ward.

Mrs. George Crowley and little  
son are staying with Mrs. N. Crow-  
ley a few days this week. Mrs.  
Nora Crowley's sister, Mrs. Lorena  
Roper of Huntington Beach, visit-  
ed at the former's home Tuesday.

Mr. and Mrs. Fred Dukes spent  
Tuesday in Puente. Mrs. Dukes is  
enjoying a visit from her mother,  
Mrs. Price of Hanford.

Mr. and Mrs. W. A. Wheeler and  
family and the M. Christensen fam-  
ily went to the Christensen cottage  
at Balboa Bay Monday evening.

## Lumber Company Wins Suit to Collect Bill

Judgment for \$257.50 had been  
entered in Justice J. B. Cox's court  
here today in favor of the Adams-  
Bowers Lumber company and  
against A. C. LeBlanc, who was  
defendant in a suit brought by the  
lumber company on account of  
materials alleged to have been  
furnished LeBlanc. The case was  
heard late yesterday, the defend-  
ant failing to contest the action.

## Hold Delhi Man On Possession Charge

Porfolio Cordova of Delhi today  
was awaiting trial, August 21 at  
10 a. m., on a charge of having  
liquor in his possession. Meanwhile  
he was being held in the county  
jail in lieu of \$500 cash bail, the  
amount fixed by Justice J. B.  
Cox when Cordova was arraigned  
here today, and pleaded not  
guilty.

Deputy Sheriffs McClellan, Carr  
and Willson raided Cordova's  
home yesterday, taking him into  
custody after they had, they said,  
discovered a still and a quantity  
of mash, in addition to some pur-  
ported liquor.

## Local Officials To Inspect S. D. Jails

Sheriff Sam Jernigan, Jailer O.  
Moncrief, Supervisor S. H. Finley  
and Architect Frank H. Benchley  
drove to San Diego today on an  
inspection trip with the view of  
gathering ideas on jail construc-  
tion. Application to the proposed  
new county jail here of the best  
ideas was planned.

## Will Ask Congress To Fix Wheat Price

PORTLAND, Ore., July 26.—Re-  
quest for a special session of con-  
gress to enact legislation fixing a  
minimum price for the 1923 wheat  
crop of \$1.75 per bushel, will be  
laid before President Harding Sat-  
urday by Senator Charles McNary  
of Oregon, the ranking member of  
the senate agricultural committee,  
it was announced today.

## OIL NEWS

HUNTINGTON BEACH, July 26.  
—Encroachment of edge waters in  
the northwest part of the Hunt-  
ington Beach oil field, and the dis-  
covery of possible bottom waters  
is at present constituting a seri-  
ous menace to the successful de-  
velopment of the area. Such was  
the statement of the geologists in  
the field today.

For some time past it has been  
known that intermediate water  
existed immediately below the top  
of the Ashton zone in the Hunt-  
ington Beach field. This water has  
been controlled by cementing the  
wells at a sufficient depth, in some  
cases.

Recent developments in wells  
drilled by the Amalgamated, Shell,  
Union and Globe companies has  
shown what geologists say, from  
available data at this time, ap-  
pears to be a new water, in the  
bottom part of the holes. The wells  
which seem to encounter this new  
water have penetrated from the  
eleventh to the thirteenth zone.

The condition is considered by  
the companies to be serious, and  
they are doing extensive work to  
overcome the new conditions en-  
countered in the deep wells of  
that section of the field.

The Mozier Special Oil company  
has several new wells in the  
course of construction. Brown No.  
two is reported to be down 4,340  
feet. The company now has nine  
wells producing which, it is said,  
will average about 800 barrels  
each.

Work has been suspended on  
several of the new wells being  
put down by the Amalgamated  
company.

Figure this: The Register has more  
than 8,000 subscribers. In Orange  
county, and for every subscriber  
there are four or five readers.

## O.M. ROBBINS & SON INSURANCE

## SURF-BOARD EXPERTS TO VIE FOR INTEREST AT AQUAPLANE MEET

T. B. Peck and Mr. and Mrs. J. A. Judd, experts of San Diego, and nine-foot surf boards upon which they will give exhibition stunts as a feature of the first annual contest for the aquaplane championship of Newport bay, to be held on the bay Sunday afternoon, under the auspices of the Balboa chamber of commerce.

According to announcement made here today by H. L. Sherman of the Balboa chamber of commerce, a special exhibition of stunts in surf-board riding will be an added feature for the first annual contest for the aquaplane championship of Newport bay, scheduled for next Sunday afternoon on Newport bay.

At the same time, he announced that the contest is open to amateur athletes, women included. Three prizes of \$25, \$15 and \$10 each, are offered for the three showing the best repertoire of stunts upon aquaplanes. He said entries in this event must be mailed in time to reach Box 512, Balboa, by Saturday afternoon, or placed in the hands of Ross Greeley, Balboa pavilion, by the same time.

Aquaplaning Coming Sport. Pointing out that surf-board riding is a "big brother" to aquaplaning, Sherman said this sport bids fair to outlive at Newport the sport of aquaplaning.

"Sportsmen get omre 'kick' out of riding a board than an aquaplane," Sherman added.

The surf-board exhibition will be by T. B. Peck and J. A. Judd, and the latter's wife.

Feats Outstanding. The riders will use a regulation Hawaiian surf-board, nine feet long and weighing fifty pounds. The principal difference between the surf-board and the aquaplane is that the former is not tied to the boat which tows it, the rider holding the tow rope. Neither are there ropes on the board to which the riders may hold.

"One of Peck's stunts is to ride a board standing on a flimsy canvas camp stool, with arms outstretched, holding the tow line in his teeth. I doubt if there is another man on the coast who can duplicate this feat."

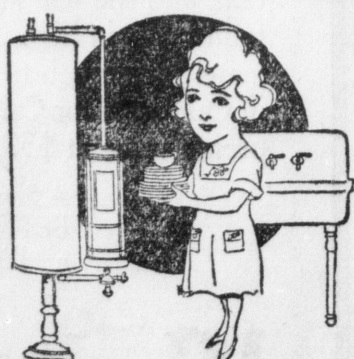

## Phonograph Company Entertains Dealers

Interesting talks on business in connection with the sale of Brunswick-Balke-Collender company phonographs and records featured a dinner at St. Ann's Inn here last Tuesday night at which many Orange county distributors and sales room employees were guests of the Los Angeles branch of the company.

Howard Brown, John Murphy and John Jenkins, from the Los Angeles branch, were speakers.

Those present included A. J. Padgham, Roy Stedman, Clyde Horton, J. H. Randall, Miss Helen Mitchell and Mrs. Lee, of Santa Ana; F. W. Schmidt, E. A. Dunham, W. A. Knipe and Miss Fisher of Anaheim; Edgar Nelson of Fullerton, and Mr. Barkelen of La Habra.

Saturday only, Japanese blue plates, platters, cups and saucers to close out at less than cost. Goff's, 317 W. 4th.

## SIX-YEAR TERM FOR 'OIL RIG' PRISONER

An echo of the startling El Toro oil-well looting accusations which occupied the attention of the courts here more than a year ago, was heard here from San Quentin penitentiary today, with the receipt of word that J. W. O'Day, convicted of grand larceny in connection with the case, must serve a term of six years.

That sentence was fixed by the state board of prison directors, whose findings were filed here with County Clerk J. M. Backs. O'Day was sentenced by Superior Judge R. Y. Williams July 9, 1922, following a trial at which O'Day failed in a stubborn fight for acquittal of the charge.

Five Linked at First. He was accused of unlawfully disposing of drilling equipment, valued at \$7500, belonging to the Sunrise Consolidated Oil company. Five men had been entangled in the amazing series of events that surrounded the alleged looting, before the charge was finally sifted down to O'Day.

Three men had been arrested in Oregon, with the missing equipment in their possession. They were taken into custody, but freed themselves by revealing a bill of sale for the equipment, which they

## RHEUMATISM LEAVES YOU FOREVER

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every Druggist in this county is authorized to say to every rheumatic sufferer that if a full pint bottle of Allenru, the sure conqueror of rheumatism, does not show the way to stop the agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenru has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and piteous and where the patient was helpless. Mr. James H. Allen, of Rochester, N. Y., the discoverer of Allenru, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenru decisively conquers this worst of all diseases, and he has instructed druggists to guarantee it as above in every instance. C. S. Kelly Drug Store can supply you.—adv.

## BEACH TRIALS

HUNTINGTON BEACH, July 26.

—Frank Berry, charged with disturbing the peace, pleaded not guilty and was released on \$50 bail. His hearing was set for Tuesday, July 31, by Judge Warner. On August 2, Judge Warner will hear the case of W. A. Polson, charged with drunkenness.

### Title Made Issue

The authorities next descended upon the latter individual, who, at the time of his arrest, was attending the funeral of his wife. This prisoner, too, showed a bill of sale, issued by O'Day.

O'Day calmly met the charge with the startling assertion that he owned the property and had a right to dispose of it.

The title then became an issue and the contest extended to the civil, as well as the criminal courts, but O'Day lost both verdicts.

**Early August Bride**  
Complimented by College Mate

Happy reminiscences of college days and their attendant experiences and escapades offered a fruitful afternoon to members of the Mariposa club of Occidental college gathered recently at the invitation of Mrs. Gunning Butler to honor a prospective bride, Miss Mildred Taylor.

Mrs. Butler's attractive home at Costa Mesa was adorned with corn-flowers and coveopsis in a color harmony of blue and yellow and the artistic effect was to be noted even in the elaborate tea menu served late in the afternoon.

Thin bread and butter sandwiches served with salad and olives offered a first course followed by a woe yellow blossom, iced fruit punch and clever little slipper and bride and groom ices and mints in blue and yellow. Salted almonds were served in individual blue baskets over which yellow butterflies hovered.

The approaching nuptials of Miss Taylor and Mark Lafayette and Mrs. Butler were suggested when the hostess presented the honoree with a beautiful rose bowl whose deep yellow tones completed the pleasing color effect of the entire affair.

The wedding of the young people will be an evening event of August 1 at the home of the bride's parents, Mr. and Mrs. John William Taylor, 406 South Birch street.

Those whom Mrs. Butler called together for the charming courtesy she extended the bride-elect included in addition to the honoree, Miss Taylor, Miss Laura Taylor, Miss Evelyn Gail, Miss Alice Gail, Mrs. Burton Rowley and Mrs. Clyde Flower of this city.

Los Angeles guests were Mrs. William Deaver, Mrs. William Annin, Miss Mildred Rutherford, Mrs. Margaret Rutherford, Miss Lucille Jackson and her houseguest, Miss Catherine Kelly of Kansas City.

Others asked from out-of-town were Mrs. Somerville Thomson, Villa Park; Miss Aileen Polhemus, Mrs. Harlan Loud, South Pasadena; Miss Charlotte Deacon, Miss Dorothy Deacon, Pasadena; Mrs. Harold Collins, Miss Ruth Taylor, Long Beach; Mrs. Louis Allen, Glendale.

**Calumpit Auxiliary**

Entertained by Mrs. Carrie Adams, 1904 South Parton street, a little group of Calumpit auxiliary members spent an enjoyable and profitable afternoon early in the week, completing aprons for the fall apron sale.

A short business session was followed by a social hour during which Mrs. Adams served appetizing refreshments. The auxiliary accepted the hospitable invitation of Mrs. Mary McDonald, a non-member, to meet with her August 14 at her home, 1002 West Chestnut street.

Surprised by the announcement that one of their popular members, Mrs. Bertha N. Dixon was compelled to seek a higher altitude for the remainder of the summer, several members planned to surprise her and aid in her plans for the trip to Big Bear. This was carried into effect yesterday afternoon and Mrs. Dixon was delighted to have the aid of some half dozen members who completed several dresses for her and for her little daughter, Miss Mabel Dixon who will accompany her. Mr. Dixon will drive to Big Bear with his family late this week and remain for a few days ere returning to this city.

Those gathered for the tea with Mrs. Adams were Mesdames Nannie Reed, Bertha N. Dixon, Milner Winter, Maud Miller, Estelle Dresser, Nellie Kenney, Marie Mears, Miss Josephine Miller and Mrs. Richardson of Los Angeles, a houseguest of the hostess.

**Grove Lions Are Beach Club Guests**

HUNTINGTON BEACH, July 26. —A delegation of Lions from Garden Grove were the special guests of the Huntington Beach Lions at their regular meeting held yesterday noon in O'Hara's hall.

There were about fifty Lions at the meeting. A fine program was provided by R. J. Prescott and Mr. Whitman, chairmen of the day. A novelty musical program was given by Mr. Evans of this city. It consisted of music played on a saw. A talk by Prof. Clark H. Reid, principal of the grammar school, concluded the program.

**Federal Plant Experts Fix Headquarters Here**

Dr. J. T. Harter and W. L. Welmer, plant industry men of the United States department of agriculture, accompanied by H. E. Wahlberg, Orange county farm advisor, were conducting a survey of sweet potato disease experimental plots in the county today.

The plant industry specialists have established a seasonal headquarters here in order to give full attention to a study of conditions applying to sweet potato growing in southern California. Santa Ana was chosen as the geographical center of the industry.

The Register reaches the far corners of the county.

News Notes of Interest To Clubwomen

**All-white Remains Popular With Summer Girls**  
Despite the Charm of Fabrics In Gay Colors

Despite the wave of King Tut effects which deluged us early in the season, and the brilliant colors which are offered in the crisp organdies and softer voiles, Miss Santa Ana will remain true to white materials for mid-summer wear.

Nothing is so restfully cool and refreshing as white, and with every trip to the tub, a white frock is renewed. Alas! such is not the case with the lovely color, many of which will not survive even a single laundering. White voile offers a charming mid-summer material while for beach and mountain resort wear what could be prettier or more sensible than a white skirt, white blouse with perhaps a white hat and white shoes as well? Doesn't it sound cool and snowy?

Such a blouse would no doubt be like one of the models sketched. Short sleeves or even sleeveless, it may be plain and tailored in its style or it may be lace trimmed and frilled. White crepe de chine and white voile seem to be the favorite fabrics and they are trimmed with lace, tiny handkerchief pockets, monograms and fine tucks or pleats.

**Good Buckeye Folk Picnicking at Park**

Orange county park was today expected to be the mecca of all good Ohioans who, with well-filled baskets of good Ohio food were wending their way parkwards early this afternoon to enjoy the first annual Orange County-Ohio picnic. The tall sycamores and spreading live oaks were to be adorned with county registers where old friends might see each others' names and renew acquaintance. The registers were prepared by Mrs. Ardine Clayton. Mrs. Robert R. Shafer was to be on the ground early in the afternoon with the secretary's book that all might sign as members.

An excellent program occupying a brief period following the dinner hour about 6 o'clock, was to offer short addresses by a few prominent members including H. J. Porgy, president. Community singing was to be led by Mrs. Herbert M. Sammis. It is expected that many similar events will follow.

**Popular Young Matron Undergoes Operation**

The many friends of Mrs. James E. Livesey Jr., of 1017 West Fourth street, and one of the city's most popular young matrons, were delighted today to learn that she was resting splendidly after a very severe operation for appendicitis which she underwent yesterday at the Community hospital.

While she will be at the hospital for some time, Mrs. Livesey's reaction from the effects of the operation has been so satisfactory that it is thought it will be only a short time until she will be able to see her friends.

**Personals**

Mr. and Mrs. Elmer Woodside departed today for Arrowhead Lake, where they will pass a ten-day vacation.

Completing a five weeks' visit in the east, Mr. and Mrs. Charles W. Chamberlain have returned to their home, 310 West Camille street. Mrs. Chamberlain stopping in San Diego for a few days' visit with relatives and joining Mr. Chamberlain last night. While gone they visited friends in Denver, Salt Lake City, Duluth, Chicago and other cities and spent some time with Mr. Chamberlain's four brothers, one of whom he had not seen for thirty years.

Mrs. L. C. Peed, a teacher in the state school at Colton, Mich., has arrived for a visit with her friends, Mrs. C. H. Scott of West Fourth street, and Mrs. J. H. Sturgeon, 237 Halesworth street.

F. L. McCune, of McCune-street, left last night for San Francisco where he will attend the annual furniture show.

Mr. Dale Metcalf and family of Toledo, Ohio are guests of Mr. Metcalf's grandmother, Mrs. S. A. Birdsall, and his uncle and aunt, Mr. and Mrs. Clyde Hooker, 721 East Second street.

B. E. Burns and his sister, Mrs. H. L. Sawdey and daughter, Virginia returned Monday from Scribner, Nebraska, where they spent the past month visiting their mother and enjoying a family reunion. Mr. Burns had not been east for twenty years. They were accompanied home by a little niece, Miss Katherine Salisbury of Reno, Nevada.

Phone 237 for good dairy products.

**Many Social Affairs Mark Short Visit of Pasadena**

Completing a pleasant visit here with Dr. and Mrs. Clayton R. Lane, 316 East Chestnut street, Mrs. Jennie Hunter has returned to her home in Pasadena.

During her stay, Mrs. Hunter was the incentive for a number of happy little social affairs which called together members of the young married set. Dr. and Mrs. Lane took the opportunity to have a few of their friends in for an informal bridge party employing only two tables.

Attractive prizes were provided and Mr. and Mrs. Don Andrews were fortunate holders of high score while Mr. and Mrs. Tom Willets Jr. whose combined scores were lowest, received an amusing consolation prize. At a late hour Mrs. Lane arranged the card tables for the serving of a delectable two-course supper enjoyed by the hosts, Mrs. Hunter and the honor guest, Mr. and Mrs. Andrews, Mr. and Mrs. Willets and Mr. and Mrs. James Livesey Jr.

The same group with a few added members including the little children of the various homes represented, enjoyed a beach party at Laguna when a picnic dinner, a swim and beach sports combined to offer a happy outing.

Dr. and Mrs. Lane were also hosts at a dancing party at the Balboa pavilion during Mrs. Hunter's stay.

**Return Home Is Marred by Illness**

Following close upon the heels of her return from a season in the east as business manager of the Denishawn Dancers, Mrs. Ellis Rhodes (June Hamilton Rhodes) was called to Los Angeles by the serious illness of the mother of Mr. Rhodes, and has spent much of her time at the bedside of the invalid.

Mr. Rhodes joins her there as frequently as his studio duties will permit. Both returned to their home in this city to spend the recent week-end when Yeatman Griffith, eminent vocalist and teacher of Los Angeles, and Mrs. Griffith, were their guests. Sunday was spent at Laguna Beach with a swim in salt water to offer added attractions.

**Capistrano Y. L. I.**

Amusing accounts of the manner in which members earned the money for kitchen equipment of the new K. C. hall, were related at the recent "Experience" party of Capistrano chapter, Young Ladies' Institute.

While the women of the parish were not present in numbers as had been expected, the evening was a highly profitable one, adding over forty-five dollars to the fund. Mrs. Thomas Feeley and Mrs. James Murphy turned in the largest sum of money declaring that they wanted to make up for the delinquency of some of the other members.

Their accounts of collecting old papers, dispensing soda pop and popcorn at K. of C. and Y. L. I. meetings and other ways of earning money were most entertaining. During the social hour Mrs. Murphy surprised all members by serving home-made pineapple ice with small wafers. Masses of red dahlias offered attractive decorations at each officer's station.

Plans were discussed for attending the Y. L. I. state convention to be held in Santa Cruz August 13 to 23 when Miss Zola Powelson, (president) and Miss Mary Maag (past president) will serve as delegates. Mrs. Christine Gorman and Miss Rita Brogan were named as alternates.

Much interest was manifested in contemplated plans of Madame Manuela Budrow to direct an entertainment in the fall, proceeds of which will form a nucleus for a pipe-organ fund. Madame Budrow also hopes to form a glee club among Y. L. I. members.

Public Stenographer, Hotel Cooper.

**Past Matrons Picnic With Husbands as Honor Guests**

One of the happiest events of the summer to members of the Past Matrons' association of Hermosa chapter, O. E. S. was the picnic dinner and evening at cards with which they entertained their husbands recently at the Masonic temple.

The members of the organization gathered early in the afternoon that business affairs might be settled ere the arrival of the honor guests. At 6:30 o'clock, an elaborate dinner to which each past matron had contributed her favorite dish, was served in the banquet room, with thirty members and guests assembled around the festal board.

At the conclusion of the feast all adjourned to the parlors where card tables were arranged and where the various groups chose the game offering the greatest interest.

Enjoying the event were Mesdames Cora Cavins, George Balderston, Ardine D. Clayton, Ruth Hurlburt, C. S. Dunphy, Jennie Peek, Frank True, George Huntington; Messrs. and Mesdames A. W. Griffith, J. W. McCormac, J. G. Mitchell, C. E. Moore, A. H. Pease, Max Reinhaus, William Strassberger, W. A. Cornelius, J. A. Harvey, Miss Pauline Reinhaus, Mrs. Reinhaus and Mr. and Mrs. Verne Whitson, invited guests as Mrs. Whitson is present matron of Hermosa chapter.

**Local Folk Attend Sculptors' Guild**

Meeting with the fifteen members of the Sculptors' guild of Southern California and some dozen guests, Miss Beulah May, a Santa Ana member, together with Mr. and Mrs. Robert Northcross were among those enjoying the hospitality of Mrs. Robert Steere of Hollywood recently.

Mrs. Steere, one of the talented members of the guild, had arranged a highly interesting evening for her guests, not the least entertaining part of the program being a pretty Jack Frost dance by her pair of charming babies.

An interesting matter given favorable consideration by the guild was the proposed plan to present a Sunday afternoon program at the Woman's building at the Monroe Centennial exposition. The plan embodied the appearance of a Goldwyn star to be modeled in clay by about fifteen guild members after which David Edstrom, celebrated Los Angeles sculptor, would speak.

**Watch What Happens!**

Lubricate your automobile with Zerolene, which costs about half what you pay for many other oils, and watch what happens.

First, you find that your gasoline bills are lower. Repeated tests have demonstrated that other factors being equal, the car lubricated with Zerolene makes about 5% better gasoline mileage than cars lubricated with other oils.

Second, your car goes from 25 to 50% further before you need to grind valves or remove carbon. This fact, too, is fully substantiated by numerous tests.

Insist on Zerolene—even if it does cost less.

**FRECKLE-FACE**

Sun and Wind Bring Out Ugly Spots. How to Remove Easily

There's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable concern that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is paid for the best case.

Simply get an ounce of Othine—double strength—from any drugist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case. Be sure to ask the drugist for the double strength Othine as this strength is sold under guarantee of money back if it fails to remove freckles.—Adv.

## HOSPITAL ASKS BIGGER COUNTY APPROPRIATION

In view of the steady increase in the number of patients handled at the county hospital and with certain permanent enlargement projects in sight, \$60,000 will be necessary to finance the hospital upkeep and operations for the coming year, it was estimated in a report which today has been filed by the superintendent, Dr. Harry Zaiser, with the board of supervisors.

During the year just ended, \$38,407.91 was expended for operating the hospital. It was reported, this total not including \$35,000 for a new addition to the hospital buildings, nor \$2,475 for an ambulance. Such items come under the heading of permanent improvements and are not listed as operating expense.

The estimate of \$60,000 for the ensuing year, however, includes \$15,000 for a proposed hospital employees' building, an item of permanent improvement. The estimate, therefore, does not constitute so great an increase in operating expense as would appear, it was pointed out.

Some increase, nevertheless, was regarded as necessary because during the last year the number of patients cared for at the hospital increased by one-third, and a like increase was scheduled for this year. In all, 1127 patients were cared for during a total of 32,683 "patient" days.

The financial statement filed by Dr. Zaiser shows expenditures of \$7,217.24 for food; \$1,069.26, for clothing and dry goods; \$1,832.69, for fuel; \$796.44 for water; \$1,528.63, for light and power; \$2,735.45, for repairs; \$4,793.30, for farm expense including wages to farm employees, and \$22,514.01, for salaries of doctors, nurses and other hospital employees. The item for food was kept down by the use of produce grown on the farm, estimated to be worth \$6,200, the report showed.

The total expense, including permanent expenditures, was placed at \$97,018.62.

On the other side of the ledger were receipts of \$6,600 from the sale of farm products, in addition to those used at the hospital, and \$20,635.71, contributed by "pay" patients. The hospital expenditures thus were reduced to \$76,382.91.

### Would Apportion Tide Lands Next Wednesday

Apportionment of tide lands at Newport harbor today was waiting upon a scheduled trip of inspection over the bay by the board of supervisors, who planned to make the trip next Wednesday for the purpose of determining what lands will be needed, and of settling property claims. The board will be accompanied by members of the harbor commission and County Assessor James Sleeper.

### KEELER, AT 80, GOES TO WORK

After fourteen years of enforced idleness because of ill health, J. H. Keeler, widely known Maryland citizen, has gained forty pounds at the age of eighty years and gone back to work every day.

Mr. Keeler, who resides at 3706 Thirty-second street, Mt. Rainier, Md., gives entire credit for his extraordinary rehabilitation to Tanlac.

"My stomach was in such terrible condition I could hardly digest a thing," says Mr. Keeler. "It would swell to nearly twice its normal size and I would have frightful pains through my stomach and back. I felt so weak, dizzy and miserable work was out of the question. In fact, my friends gave me up on three or four different occasions."

"Five months ago I began taking Tanlac and improved from the very first bottle. I now eat anything on the table, have gained forty pounds, and am back at work every day. Actually, I feel like a boy again. It would be ungrateful of me not to praise Tanlac."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37-million bottles sold.

Tanlac Vegetable Pills are Nature's own remedy for constipation. For sale everywhere.—Adv.

Fine photos, reasonably priced. Bodens Studio, 107 1/2 E. 4th St.

## Stage and Screen

Jack Hoxie in a scene from "Gallop Through," picture which tonight begins a two-day engagement at the Princess theater.

David Torrence and Alice Calhoun in a scene from "The Man Next Door," the current attraction at the Temple theater.

TONIGHT'S ATTRACTIONS  
TEMPLE — "The Man Next Door," with Alice Calhoun and David Torrence.

YOST — Vaudeville and "The Bright Shawl," with Richard Barthelmess.

WEST END — "His Majesty, the American," with Douglas Fairbanks.

PRINCESS — "Gallop Through," with Jack Hoxie.

FAIRBANKS PICTURE AT WEST END

"His Majesty, the American," the picture which shows at the West End tonight, tells a story that demands Douglas Fairbanks for its interpretation. It is the tale of a mythical little kingdom in Europe. Doug, is the missing heir, of course, but no one would ever suspect it—least of all, Doug himself. When we find him at the beginning of the story, an excited, thrill-craving, adventure-seeking young New Yorker, we are totally unprepared for later developments, and his journey to Europe and his capers with royalties and revolutionists is a treat indeed for fun-lovers.

The cast supporting Fairbanks

is of exceptional ability. Dainty little Marjory Daw could make any one fall in love with her, and Frank Campeau was never more villainous. Lillian Langdon, Sam Sothorn, a younger brother of the famous E. H., Albert McQuarrie and Jay Diggins are but few of the players who contributed splendidly to the entertainment.

WEARS 21 GOWNS IN TEMPLE FILM ROLE

Alice Calhoun wears twenty-one different costumes in "The Man Next Door," now showing at the Temple theater.

She appears in the first part of the picture dressed in "chaps," riding boots and sombrero, a typical cowboy outfit, and in the latter part of the picture wears imported evening gowns, sport outfits, afternoon and luncheon frocks and smart riding habits.

Miss Calhoun learned to rope steers like a professional cow puncher while making the scenes at the ranch. She mastered two distinct methods of riding. That employed by cow punchers and the other the smart English style, popular on bridge paths in cities.

"THE BRIGHT SHAWL" IS BARTHELMESS' BEST  
Viewing such a motion picture as Richard Barthelmess' new starring vehicle, "The Bright Shawl," which began an engagement at the Yost theater last night, one instinctively recalls his previous productions for purposes of comparison.

"Tolable David," was, of course, a masterpiece; "Sonny" almost its equal; "Fury," a classic among sea pictures.

But "The Bright Shawl" is a screen epic, perhaps, the finest thing this talented young actor has yet given the public.

Dorothy Gish, as La Clavel, is bewitching, alluring; she is seen in the greatest emotional part of her career, and her work is a revelation. Mary Astor makes a charming Narcissa. Anders Rangel is a convincing terror as Santacilla. Jetta Goudal, as La Pajar, the spy, brings a new and most fascinating type of vamp to the screen.

Ice cream, ices and fancy cakes to order, at Fuller's, 410 North Main street, Phone 283.

### Jailed Chiropractor Wants Early Probe

Dr. H. C. Saunders, imprisoned Huntington Beach chiropractor, today was attempting to hasten a promised investigation by Governor Richardson, planned in connection with the chiropractor's appeal for pardon.

Dr. Saunders was brought to the county jail yesterday to start serving a sentence of 120 days for practicing without a state license. Following his earlier appeal to the supreme court, which was denied, he took his case to the governor, seeking a pardon.

### Tells Sufferers How to End Piles Forever

Rochester Doctor Achieves Remarkable Success with New Prescription. Must Give Absolute Relief or Money Back.

It has remained for a well known Rochester doctor to find a real remedy for Piles. Years of patient, painstaking effort on his part has resulted in a prescription that will actually heal Piles and absorb them never to return.

This doctor says no man or woman need suffer another hour from any pain arising from Hemorrhoids or Piles now that he has made arrangements with leading druggists to dispense this wonderful prescription known as MOAVA SUPPOSITORIES for a moderate price on the money back if dissatisfied plan.

You'll be amazed to see how quickly it acts. Blessed relief often comes in an hour; even in cases of long standing with profuse bleeding really wonderful results have been accomplished.

Special Note—Out of town sufferers: 60 cents mailed to Moava Products Co. at Rochester, N. Y., will bring a box by Parcel Post and guaranteed.—Adv.

When you want a box of good candies get Fuller's or Page and Shaw's at Fuller's, 410 North Main street, Phone 283.

## Like Looking at the Sun

If you were to look into one of the great rotary kilns in a cement mill, you would see only a glare of light so intense that it would be like looking at the noon-day sun. For a few moments after, you would be unable to see anything.

But borrow the workman's colored goggles to protect your eyes, and peer through the peep-hole again. Then you will see a tornado of powdered coal—or gas or spraying oil—bursting into a sheet of sun-white flame. Into the other end of the kiln flow the finely ground limestone and clay—the materials for cement.

In their three-hour journey through this inferno, the materials undergo many changes. Moisture and gases are driven off as the rotation of the kiln tumbles the materials about, subjecting them to gradually increasing heat until the sun-white flame half melts the powder and it rolls into glass-hard clinker. This clinker, an entirely new chemical compound, when pulverized becomes portland cement.

Scientific control marks every stage of the burning process. Producing the required 2,500 to 3,000 degrees Fahrenheit of heat consumes great quantities of fuel—30 pounds of coal, or its equivalent, for each 94-pound sack of cement.

For the whole cement-making process, the consumption of coal is approximately 50 pounds a sack—more than half a ton of coal to a ton of cement.

## BEAUTIES QUITE MODEST: FAIL OF ENTRIES

Orange county girls, young women who may confess to 20 summers and admit that they are entitled to consideration as beautiful, are modest—overly modest.

This was ventured today by Dr. J. D. Thomas of Olive, declared by Malcolm Fraser, secretary of the chamber of commerce at Anaheim, to be the most competent judge in Orange county of feminine beauty.

Thomas has been empowered by the committee directing plans for the Orange county float in the Los Angeles pageant, complimentary to President Warren G. Harding, to select the most beautiful girl in the county for the honor position on the float.

Thomas said that undue modesty of the county beauties probably was responsible for the fact that, up to noon today, no woman had presented herself as a candidate for the honor.

Secretaries of the chambers of commerce at Santa Ana, Orange, Anaheim and Fullerton were not in position today to announce selections of the 17-year-old girls who will occupy positions on the float.

## ORDINANCE FOR SEWER BONDS IS PASSED

ORANGE, July 26.—An ordinance calling for a \$190,000 bond election relative to Orange's participation in the million dollar "Four City" sewerage disposal system, passed the first reading at a special meeting of the city council last night with all members voting "Aye."

The ordinance will be read for the second time and passed at the meeting of the council July 31, it is understood.

Orange's formal entry into the construction of this million dollar sewerage system marks one of the largest movements in Orange county. The necessity of the new system has been recognized by Anaheim, Santa Ana and Fullerton, and each city council has gone ahead at full speed and are now at work on their lines.

Orange will be prepared to start work on her portion of the system in the Spring, it is said. Following the bond election next month, plans will have to be prepared, and by the time all preliminaries in connection with actual construction can be completed, the rainy season will have arrived.

This, it was pointed out, will delay the work until spring, and then it will be about a year before the line is completed, City Engineer C. C. Bonebrake stated.

Speaking on the new sewerage system, Mayor Gunther set forth his views as follows on the subject yesterday:

"One fact is indisputable, and that is that we must have this enlarged system.

"Orange is no longer a small town, but is making rapid strides in growth.

"Her population is on the increase. Her factories are multiplying, and the question of sanitation, while not being worried about now, will grow with the city.

"If from nothing else but a standpoint of health, we should protect the future needs of the city.

"The present system, if put to an emergency use, would not function to the best advantage of the city."

A two-thirds vote is necessary for the passage of the ordinance. Many of the public spirited citizens have offered their services during the time preceding the election, and on election day.

## Dismiss Second Rum Charge Against Jail Cook and His Wife

Annes Gravelly and his wife, Evelyn, were freed today of a charge of manufacturing liquor when their case came before Justice J. B. Cox here. The charge was dismissed on motion of Deputy District Attorney D. G. Wettlin because of the fact that Gravelly and his wife are now in the county jail serving out a fine of \$500, given them on a previous charge of having liquor in their possession.

Gravelly, in court today, was asked how he liked jail life.

"The food is great," he admitted with an air of modesty which became clearer when it was explained that Gravelly has been serving as cook at the jail during his incarceration.

## WHITTIER MAN OFF ON ISLAND CRUISE

NEWPORT BEACH, July 26.—E. J. Lewis, owner of the "Diamond Bar" ranch, near Whittier, has left the bay in his boat "Petrel."

It is understood that Mr. Lewis will cruise to Santa Cruz island, and will possibly be gone for two weeks.

## Filipinos In Split Over Fight on Wood

MANILA, July 26.—The fight on Governor-General Leonard Wood today developed a split in the ranks of the Democratic party when Signor Joan Sumulong, Wood supporter, resigned from the party's vice-presidency.

Mayors of the twenty-seven towns of Rizal, home province of Signor Rodriguez, have passed resolutions urging him not to accept the mayoralty of Manila.

## LA HABRA

LA HABRA, July 26.—Mr. and Mrs. Floyd Hostetter of Fallbrook were week-end visitors at the home of Dean Martins on Florence avenue. Miss Mertie and Teresa Martin returned home with them for a week.

Mr. and Mrs. James and Mrs. Provost were Los Angeles visitors Monday.

Mr. and Mrs. William Dayton were week-end guests at the home of his sister and husband, Mr. and Mrs. Fred Tuet.

Mr. and Mrs. Pearl Beer were week-end visitors in San Francisco. They are planning an extensive eastern tour in the near future.

## JOHNSON HURLS HOT SHOT AT COURT PLAN

(By United Press Leased Wire)

NEW YORK, July 26.—The isolationist program upon which Hiram Johnson will stand against the world court and the League of Nations was outlined by the California senator in his first speech since his return from Europe, before a gathering of his friends here last night.

Charging that the international court was worse than the League of Nations, as far as entangling the United States in European affairs, Johnson said:

"I suggest to my conservative brethren that recent events indicate they must choose whether progressive things shall be done in a conservative way or in a radical way. You may have to take pro-

gressivism or radicalism will take you."

He concluded with this summary:

"The world Court is an utterly futile agency for peace—it cannot and will not prevent wars and it does not pretend either in its organization or in its operation to do so.

"It has jurisdiction over nothing," he continued, "except what countries may choose to submit to it. The four great member nations, Great Britain, France, Italy and Japan, have specifically declined to submit to its compulsory jurisdiction.

"Its genesis is the League of Nations. It is a part of the machinery of the League of Nations. It is the advisory body of the league. Its opinions are based upon the prerogatives of the league. The law of the league is in reality the law of the court and behind the league, controlling and directing it, are the chancelleries of Europe, with their secret diplomacy, their selfishness and cupidity and their hideous schemes of exploitation and conquest."

## DOCTOR TO BUILD NEW STUCCO HOME

HUNTINGTON BEACH, July 26.—Dr. Ray Acton has let a contract to George Green for the erection of a residence at Beach Court here.

The building contains seven rooms and will be of stucco finish, Spanish type. It will be built at the corner of Fifth street and Olive avenue. The home represents a considerable investment and a great deal of thought has been given to such features as tiled bath, unique built-in breakfast nook.

The Whitney Lumber company is furnishing the material.

Mr. Green has also contracted with Mr. Brittenham to build a stucco duplex at the corner of Eighth street and Olive. Mrs. J. Miller will also build a new duplex similar to the one on her property.

## ENGLISH WOMEN AT FETE SPURN KISSES

LONDON, July 26.—The famous fifteenth century Dutch man of letters and divine Erasmus and his views on Englishwomen and their (then) habit of kissing were unsuccessfully eulogized by Sir Philip Sassoon, reputed to be the richest bachelor in England, when he opened a fete at Aldington, Kent, where the Dutchman was minister for a short time.

Sir Philip quoted Erasmus as writing to his friend Faustus and saying:

"Englishwomen kiss you when you arrive, kiss you when you go, and kiss you at opportune intervals."

He then added that if the women present would revert to that custom he for one would vote the fete a huge success.

But apparently modern Englishwomen are not so lavish with their kisses as their ancestors. Or, perhaps, Sir Philip Sassoon is not so lucky a man as was Erasmus. In any case, not a single woman present took him at his word.

## INVESTIGATION SAVES MANY DOLLARS TO MERCHANTS, REPORT

\$30,000 Saved This Year Alone Says Secretary's Report

### EMERGENCY SERVICE Vigilante Committee Protects Members from Check Passers

Thirty thousand dollars have been saved to members of the Santa Ana Merchants and Manufacturers' association which have refused endorsements of projects doubtful, according to a report issued by P. S. Lucas, secretary of the association, today.

Lucas outlined various methods of the association used to give members emergency service. The "emergency committee" operates in the manner of an alarm system, according to the secretary, who said that the committee had a method whereby all members of the association were notified within a short time of the presence in town of a faker.

The report was as follows: "Some twenty-eight 'Bulletins' about six thousand letters, most of which were warnings, have been sent out so far this year. These bulletins are sent out whenever the occasion arises and mean a great saving of both time and money to our members.

"Emergency Committee"

"This year Secretary Lucas worked out one of the most effective plans of protection that has ever been put over and its operation has proved most successful. He calls it the 'Emergency Committee' and just as soon as an emergency arises, such as a bad check artist, a shoplifter, a short change artist, a counterfeiter, or a faker or something that needs the immediate attention of the mem-

### Real Estate Deals "Fascinating" Says Clergyman

From the pulpit to real estate salesman is a far cry, but that is the big step the Rev. Walter F. Grigg, formerly pastor of the Baptist church at Garden Grove, has taken.

He is now associated as salesman with Frank C. Pope, local realtor, and president of the Santa Ana Board of Realtors.

Following a serious illness and upon the advice of his physician, the Rev. Mr. Grigg two years ago resigned his pastorate at Garden Grove, since which time he has engaged in other occupations, being a salesman for George Dunton, local Ford dealer, when he accepted the position with Pope.

The former pastor says that he finds real estate dealing rather fascinating.

### New Realty License Law Amendments Are Effective Aug. 16

According to a bulletin issued today by Edwin T. Keiser, state real estate commissioner, the new license law amendments become effective August 16, when it will be mandatory upon all realty dealers taking out licenses after that date to have the \$2000 bond, and also to specifically state in their signs and advertising that they are licensed realty brokers. This, and the fact that a qualification test has been provided for brokers, and which will hold against all brokers after January 1, 1924, will aid a great deal in placing the realty business on a higher plane.

### Ex-City Employee Buys 30 Acre Ranch

George Weithbrech, former sanitary inspector, is making preparations for moving to Morgan Hill, Santa Clara county, it became known today. He has purchased a thirty-acre ranch at Morgan Hill, it is understood.

**FIRE LOSS \$100,000.**  
EL MONTE, Calif., July 26.—Fire which razed two business buildings and threatened the entire commercial section until it was extinguished by the fire departments of four surrounding towns, was estimated today to have caused \$100,000 damage.

## POWER COMPANY PROPOSES BIG INCREASE IN AUTHORIZED CAPITAL

Stockholders to Vote On Stock Jump to Quarter Billion Dollars

### PROGRAM OUTLINED Expected to Provide for Company's Needs for Twenty Years

Hundreds of stockholders of the Southern California Edison company in Santa Ana and vicinity, received notification from President John B. Miller yesterday that a special meeting had been called for September 7 at the Edison building, Los Angeles, for the purpose of authorizing a rearrangement and increase of the company's authorized stock capitalization and bonded indebtedness.

District Manager W. L. Deimling said that the purpose of the proposed increased capitalization was for continuing the company's policy of planning ahead for the financing and construction of hydro-electric power to meet the ever-increasing demands of Southern and Central California.

Explaining the new plan of financing, Deimling said: "The increased authorized capital will provide a broad and strong foundation for financing through to completion more than a million additional horsepower to be installed on our Big Creek-San Joaquin project, together with the necessary transmission and distributing lines throughout the ten counties in which the Edison company render electric service. This expenditure in the next ten years is estimated to amount to \$200,000,000. The plan which will be voted on is in brief as follows:

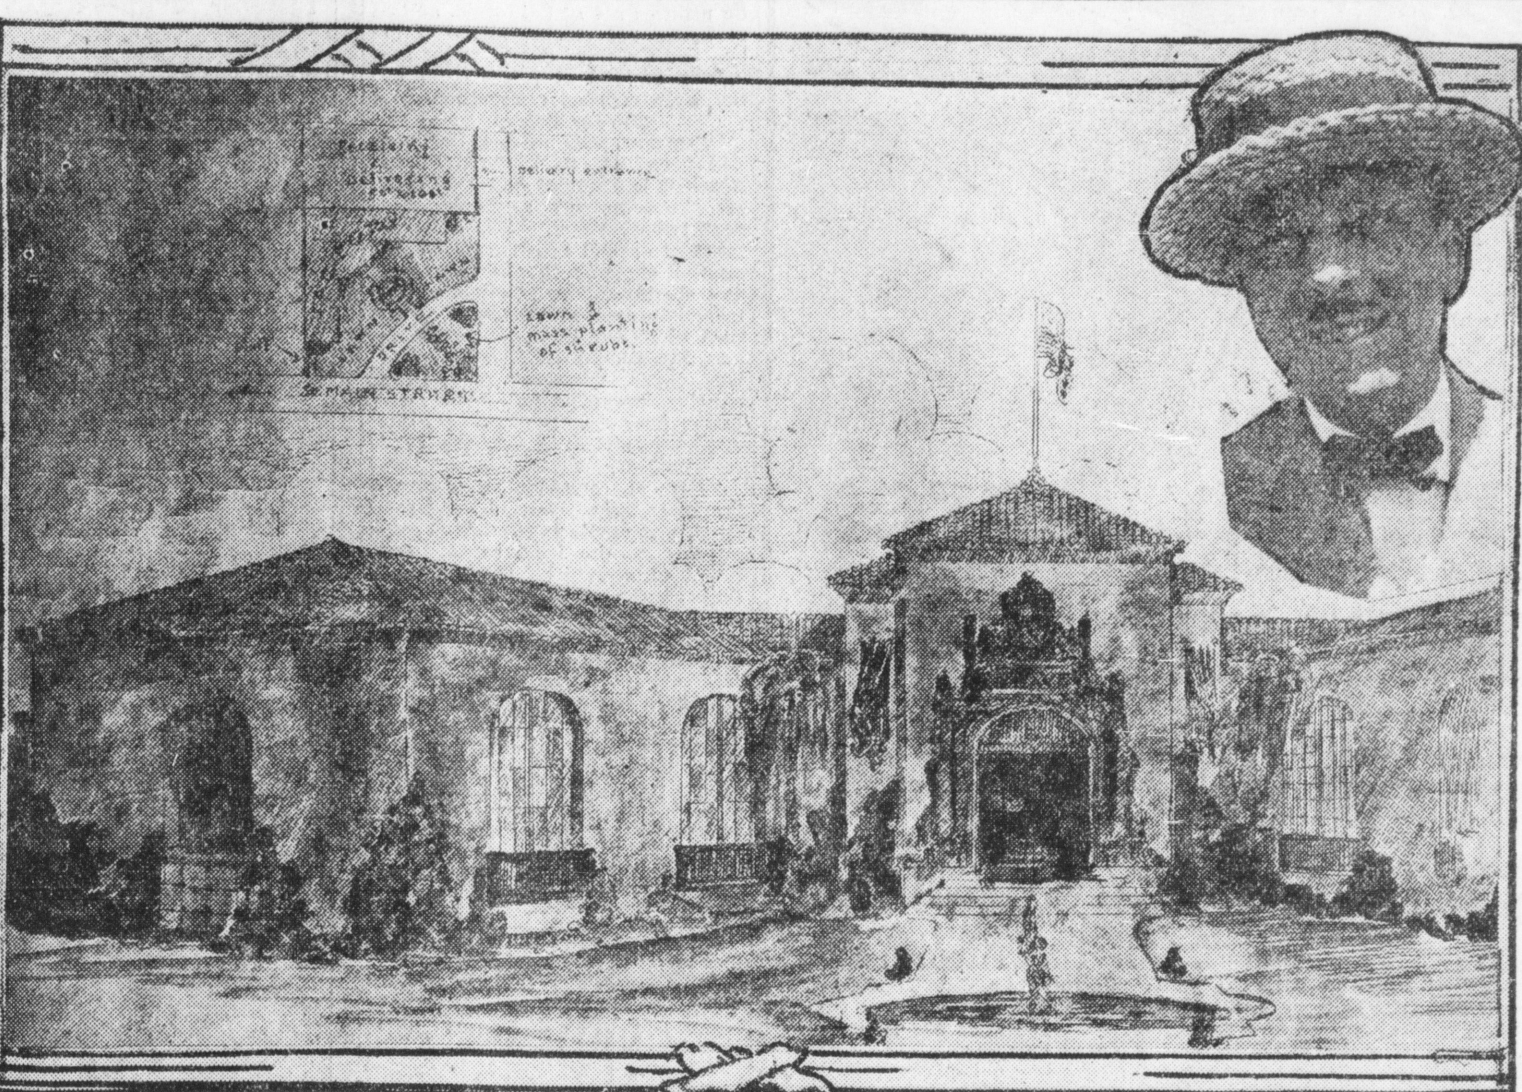

"The increase of authorized capital stock from \$100,000,000, as at present, which consists of \$60,000,000 of common stock and \$40,000,000 of preferred stock, to \$250,000,000 consisting of \$125,000,000 of common stock and \$125,000,000 of preferred stock.

Another Billions

"The stockholders will also be asked to approve an increase of the authorized bonded indebtedness of the company to \$250,000,000. The vote of the stockholders

## IMPOSING ENTRANCE TO \$10,000 PLANT OF SHAVO COMPANY, NEW INDUSTRY HERE

Perspective of the new \$10,000 building to be erected by the Shavo Company of Santa Ana at the corner of Central avenue and South Main street, Delhi, as a plant for manufacturing Shavo, a soapless shaving cream. Construction work will start within two weeks, according to York Coleman, vice president in charge of sales. Design and drawing by Kenneth L. McLellan of Wayne Goble company. Insert, York Coleman.

## \$10,000 PLANT OF SHAVO CO. TO BE BUILT ON SO. MAIN SAYS MGR.

Contracts to Be Let Within Two Weeks, York Coleman Says

### GROWING PAYROLL Shaving Cream to Form National Advertising Medium, Claim

A successful, going manufacturing company, with a product that has developed a big market in its two years of manufacture, the Shavo Company, of Santa Ana, today was preparing to erect a manufacturing plant on South Main street, at the corner of Central avenue, Delhi. The building will cost around \$10,000.

According to York Coleman, vice president in charge of sales, the contract for a handsome factory building will be let within the next two weeks. Plans have been drawn that provide ample space for operations of the company.

The manufacture of Shavo, a shaving cream, is handled exclusively by women, the only man on the job being the foreman. Ten women will be employed at the start, according to Coleman, with a payroll of approximately \$20,000 a year.

The working force will be increased as the demand for the product increases. The local plant will have a capacity of two million tubes annually, Coleman says.

Many Advantages  
Pointing out that Shavo has been manufactured in Stockton for the past two years, Coleman said that the change in location of the factory is being made because of the many advantages offered by this city. The business of the concern had outgrown the facilities of the plant at Stockton, and had reached the point where enlargements had to be made or a new building erected.

"With this situation confronting us I started out on a still hunt for a new location," said Coleman today, in discussing location of the enterprise in Santa Ana. "I found the living and climatic conditions here the very best. In addition operation of a plant here offers an advertising opportunity that is worth thousands of dollars to our company.

"The tremendous volume of traffic passing through this city makes it possible for us to secure big advertising by establishing our plant on South Main street.

"The building and grounds will be of the type that will at once bring favorable comment from those who see it—and Shavo will be advertised by word of mouth in addition to the magazine and other advertising carried by our organization and dealers in all parts of the country.

"We have developed a large sales organization, with most of the leading drug stores of the country handling our product, and when we get our new plant in operation, which should be by the first of next November, we will be in position to extend our territory and increase our output."

Coleman declared himself as believing that Delhi is destined to be the industrial section for Santa Ana. The site upon which the plant will be erected was purchased from Mrs. W. H. Hinzle, who has large property interests at Delhi.

Local Officers  
The plant at Stockton will be closed when the one to be erected here is placed in operation, Coleman said. Stanley Burr, president, and A. S. Langan, secretary-treasurer of the company, both residents of Stockton will come here.

These two officers, with John Norton, E. H. Richards, C. S. Kelley and C. B. Buxton, all of Santa Ana, compose the board of directors of the company.

Among other Santa Anans who have become interested in the company, according to Coleman, are L. G. Swales, W. H. Spurgeon,

(Continued on Page 10.)

## Newport Harbor Attracts Notice of Pacific Coast

Further recognition of Orange county's harbor project at Newport bay has been given prominent position in the editorial columns of the Los Angeles Herald.

With the keen eye of an observer sufficiently distant to get a proper perspective on the situation, the editorial writer has predicted a great future for Orange county and Orange county's harbor.

He sees co-operation between yachtsmen and commercial shippers in developing the harbor, and declares that the entire Pacific coast is looking with eager anticipation toward Newport.

The editorial follows: "The entire Pacific coast is looking with eager anticipation toward Newport harbor, where Orange county is centralizing its shipping interests and where much development work is under way. A 30-foot channel varying in width from 300 to 1000 feet and the construction of a new jetty at the harbor entrance seem calculated to bring much shipping to the port.

"Newport and Balboa have for some years been the center of yachting activities and the new harbor development work will not only be of commercial importance but will be roundly welcomed by yachtsmen as well.

"Oil development in the Newport district is of but recent date, but the output is marked and the work of harbor development cannot but act as a support to all industrial, commercial and agricultural progress throughout Orange county."

### Locks Burglar In Bedroom, But He Makes Hard Exit

C. F. Hammett of the Cadillac garage heard a burglar in the former's home, 111 West Bishop street, last night. The intruder escaped, however, according to police report today.

According to the story told by Hammett, as he entered his home

last night, he heard a door close. He noticed it was the bedroom door. Rushing to it, he turned the lock, confident the burglar could not escape through the narrow French windows opening out of the room.

Windows, or no windows, however, the trespasser escaped, but without any loot.

Ice cream, ices and fancy cakes to order, at Fuller's, 410 North Main street, Phone 283.

## VISITORS COME BACK TO MAKE HOME HERE

Temporary residents here ten years ago, Mr. and Mrs. M. I. Humphrey and two daughters, Lucille and Clara May, today were back in Santa Ana to take up a permanent residence, and incidentally adding four to Santa Ana's population march to the 50,000 goal. They arrived here last Saturday from Iowa Falls, Iowa, traveling by automobile.

Humphrey already has secured employment with the Barr Lumber company, he having been employed at the same place during his sojourn here ten years ago. Mrs. Humphrey also has entered business life, accepting a position with the New York store on Sycamore street. The family is stopping at the auto park until permanent quarters can be procured.

"Santa Ana has made wonderful strides since we left here," declared Humphrey today. "When I drove into Santa Ana Saturday I did not recognize the city—I thought I must have gotten into the wrong place.

"I have driven up and down the coast looking for a location and I am frank to say that I saw no place that impressed me as has Santa Ana. Business activity and prosperity is marked here, as compared with some of the other California communities I visited."

## CITY PLANNING AS DONE BY LOS ANGELES

What a civic planning commission has done and is doing in Los Angeles is shown by a report in the July issue of the Los Angeles "Builders Exchange Bulletin."

The leading article in the "Bulletin," written by G. Gordon Whitnall, director of the Los Angeles City Planning Commission, has been written on "The New City Hall."

The article draws attention to the plans prepared by the City Planning Commission for the Administrative Center of Los Angeles.

It says in part: "The Administrative Center plans prepared by the City Planning Commission that formed the basis upon which the City Hall issue was decided, involves a program much larger than the City Hall alone. The Administrative Center plan makes provision for federal, state and county as well as city buildings. Of the units that will ultimately constitute the complete group, the present federal building and the Hall of Records exist. The New Hall of Justice is now under construction and the new City Hall is now authorized and the money appropriated.

"It is the tentative plan of the county, upon the completion of the new Hall of Justice, to replace the present dilapidated courthouse by a modern wing to the Hall of Records. This will be followed later by a similar wing to the south on lands already mostly owned by the county.

"The federal building has long since been inadequate to the needs. Recently a federal representative has been checking over the needs for added facilities and the question of location.

"The report rendered has urged the necessity for a new building and the site in the Administrative Center just north of the present building as recommended by the City Planning Commission."

Anaheim, Calif.

## POWER COMPANY TO INCREASE CAPITAL

(Continued From Page 9.)

is in the nature of an enabling act giving the directors power to sell bonds and stock as may be required. The stockholders vote in itself does not actually create any bonded increase, as under the public utilities act of California, neither bonds nor stocks can be sold by the directors except under authority of, and at prices fixed by the state railroad commission.

20-Year Set-Up

"The new plan when authorized will give us a financial set-up which it is expected will take care of the company's needs for the next twenty years. The enlargement of capital involves no fundamental changes in the right of any stockholder or bondholder. It merely provides the larger structure which the increasing business and investment of our company has made necessary. Our company's organization now comprises over five thousand regular employees, and over sixty thousand stockholders.

"With the combination of popular ownership, private management, and public regulation, it constitutes, in the judgment of our board of directors, the most efficient and satisfactory instrumentality for meeting the exacting obligations incident to rapidly increasing demand for service, arising from growth of population and the wider and more extensive uses of electricity for light, heat, and power, which it has been the policy of our company to stimulate in the interests of the public."

## BENEFITS SEEN IN BUILDERS EXCHANGE

Benefits of a builders' exchange towards development of a city are outlined in an article written for the Los Angeles "Builders' Exchange Bulletin," by W. L. Frost.

"Even in so old an industry as building," writes Frost, "a great variety of ideas will be found among the different craftsmen. A man from Pennsylvania will have his ideas about slate roofs, another man from Ohio will have peculiar notions about masonry, a builder from Minnesota thinks no house is sound unless it has double sheathing and heavy doors and windows. Obviously a great deal of money would be spent unnecessarily, if all of these different ideas were allowed to prevail. It is equally obvious that every one of these divergent types will benefit by associating with other craftsmen and acquiring that knowledge which always comes from a frank interchange of ideas.

The builders' exchange has many activities, but the greatest good that it does is that standardization of ideas and practices for the benefit of both the man who builds a house and the man who lives in it."

## INVESTIGATION SAVES MANY GOLFERS

(Continued From Page 9.)

bership, the secretary through this special committee has a unique way in which the whole business section of the city is immediately covered and every member of the Merchants and Manufacturers' association is notified to be on the watch.

"The association also keeps in touch with other merchant associations throughout the state and thus frequently receiving valuable information. In fact the association is constantly on the alert to be of service to its members and in so many ways that frequently some of its own members are surprised at its activities. A prominent Santa Ana banker recently stated that 'Every merchant owes it to himself to be a member of the Merchants and Manufacturers' association if for no other reason than for his own protection.'"

## INCREASED FEE EFFECTIVE SATURDAY

Last minute warning was issued to builders and contractors today by W. S. Decker, building inspector, that beginning Saturday, July 28, he will compel strict compliance with the city ordinance requiring that building permits be obtained before actual construction of a building is begun.

The building inspector's new ruling and the new permit fee schedule will go into effect on the same day. By this new schedule fees for building permits in this city will be increased between 50 and 100 per cent in order to take care of the growing demands of the department, it was explained.

"Santa Ana has been making such rapid strides in the last few years in building activities that the building inspector's office has been left with insufficient help," Decker declared.

"The new fee schedule will provide funds for additional help in the office. The strict enforcement of all city building ordinances, particularly the one applying to requiring the securing of a building permit before actual construction begins, will aid the department."

"Heretofore there has been a certain indulgence of the busy builder as well as inspector's office to comply strictly with ordinances applying to construction work here."

## MOTHER JOLTS DIVORCE MOVE OF DAUGHTER

Mother against daughter! However unnatural such an array might be viewed, the unusual spectacle today had been enacted in the superior court here, where Mrs. Lillian Bates took the witness stand and testified against her daughter, Mrs. Bessie Mills, thereby aiding her son-in-law, Lawrence Mills, in preventing the daughter from securing a divorce.

Mrs. Mills had charged her husband with failure to provide and with cruelty. The defense had introduced evidence intended to show that Mills had regularly turned his earnings over to his wife, who did the family's banking; and that their bank account was a joint affair, both having access to it.

"Is Surprise Witness?" Then came the "surprise" witness, Mrs. Bates. "You say you're the plaintiff's mother?" Judge F. M. Jamison asked the witness. "Yes," answered Mrs. Bates. "Her step-mother?" queried the court. "No, her own mother," stated the witness. "Oh," murmured the court. "Go ahead."

Decree is Denied Mrs. Bates opposed the cruelty contention, denying that her son-in-law had not treated her daughter well.

The court, in rendering a decision held that Mills had been "above average" with respect to sharing his earnings with his wife; and also, that allegations of cruelty had not been proved. The decree was denied.

Custody of two children was given to the plaintiff, with the defendant having right to them one day each week. The wife was given use of the family home in Fullerton, with an award of \$25 per month from the husband.

## SEAL BEACH GIRLS ORGANIZE NEW CLUB

SEAL BEACH, July 26. — A "good citizens' club" was organized Wednesday at the home of Marion Terstegen with the following members: Marion Terstegen, Charlotte, Henrietta and Nevada Cline, Phyllis and Virginia Ghezel. Mr. and Mrs. Delta Hoover, who have been guests of Mrs. Stevens for several weeks, left Tuesday for their home in Dos Palos.

Mrs. Hensley and Mrs. Frezzer and little son of Chino are spending two weeks in Seal Beach. Mr. Frezzer is foreman on the Remington ranch.

Mrs. James Allen of Taft is visiting her sister, Mrs. Gus Allen on Seventh street.

Mrs. Lyford Patterson entertained the choir at her home on Eighth street Thursday.

Miss Doris Greenwalt and her class will give an entertainment in the Jewel cafe at 2 p. m. Saturday to which the public is cordially invited. Miss Greenwalt has a large class in artistic dancing and has presented several attractive programs in the past.

## CARDS MAKE HOURS PASS BY SWIFTLY

HUNTINGTON BEACH, July 26. — Mr. and Mrs. R. E. Arundell, Mr. and Mrs. W. A. Stout, Mr. and Mrs. Charles Burnett, Mr. and Mrs. L. H. Boone, Mr. and Mrs. Floyd Morris, Mrs. Fred Phelps, Mrs. Herman Smith, W. A. Gamcock and H. Gamcock were guests of Mr. and Mrs. W. F. Morrison at their home on Walnut street Saturday evening.

Cards were indulged, Mrs. R. E. Arundell and Mrs. Charles Burnett were awarded first prize, while the consolation went to Mrs. W. F. Morrison and Mr. Stout. Refreshments were served and the party adjourned at a late hour.

## Link Pickford With Rum Ring by Checks

LOS ANGELES, July 26. — Because Jack Pickford signed checks for \$50 and \$115, said to have been in payment for half a case of gin and a case of Scotch whiskey, he has been subpoenaed to appear here tomorrow as the "star" witness in the federal grand jury investigation of the so-called "movie" liquor ring.

The checks were found in the possession of J. G. Irving, Dave Lerner and other asserted bootleggers in the course of a raid several months ago, according to federal agents.

## ROGERS FAVORS TEAR BOMBS EQUIPMENT

"Every police department should be equipped with tear bombs for emergency service," declared City Marshal Claude Rogers today upon reviewing the recommendation of Chief of Police Oaks of Los Angeles that the police that city be provided the chemical apparatus.

"We cannot tell from one day to the next when an emergency will arise that will endanger the lives of many of the department members. A dangerous criminal, with his back to the wall, will fight to the last, and, welcoming death, will take as many policemen as possible with him."

"In such an emergency the gas bomb is a life-saver. One bomb tossed through the window of a house in which a fanatic or murderer has barricaded himself will open a safe path for officers of the law."

"The bombs, according to reports of cities where they have been used, do no harm either to police or to criminal. Surely they are better to use than firearms."

"For riot duty and the subduing of mobs, the gas bomb would serve in place of clubs and heretofore necessary rough handling."

"I believe every police department should be equipped with a supply of tear bombs for emergency use. Such equipment would mean the saving of life of innocent bystanders as well as policemen."

"The policeman is compelled to face danger frequently. But there is no necessity to force him to accept avoidable danger."

"As for the public, too often do we hear of innocent bystanders killed or injured in a riot. The gas bomb would stop that."

## LEGION POST HAS SWIMMING BRANCH

HUNTINGTON BEACH, July 26. — A swimming club has been formed by the boys of the local American Legion. They meet every morning a little before 6 o'clock and take their morning dip in the surf a little distance west of the bath house.

The movement came about when a number of the boys started taking morning plunges for their health. Inducing others to join them, they soon had a large attendance at their morning bath. New members are entering the club rapidly.

With the growth of the club it is expected that the many opportunities afforded to indulge in water sports of all sorts may result in the formation of some real teams which will enter in some of the water contests to be held later on in the season here and other beach towns.

It is reported at the present time, from a reliable source, that the local boys feel capable of beating any other Legion team in Orange county that wishes to contest with them in any swimming or other water sports.

## THIS LITTLE BABY GIRL

Was Benefited by the Good Her Mother Got from Lydia E. Pinkham's Vegetable Compound

Pittsburgh, Pa. — "I took Lydia E. Pinkham's Vegetable Compound before my little girl was born, and the effect it had was wonderful. This will be the first child I have nursed as I had to bring my two boys upon the bottle. I was very nervous and worried, tired all the time, and after I read about the Vegetable Compound I tried it and kept on with it. I still continue its use and recommend it to my friends. You may publish these facts as a testimonial for your medicine." — Mrs. Wm. Klinge, 163 Plymouth St., Pittsburgh, Pa.

It is remarkable how many cases have been reported similar to this one. Many mothers are left in a weakened and run-down condition after the birth of the child, and for such mothers the care of the baby is well-nigh impossible. Not only is it hard for the mother, but the child itself will indirectly suffer.

Lydia E. Pinkham's Vegetable Compound is an excellent tonic for the mother at this time. It is prepared from medicinal roots and herbs, and does not contain any harmful drugs.

BERGER HALF ACRES

## SCHOOL TOTALS DOUBLED HERE IN 10 YEARS

Santa Ana schools had a grand total attendance of 5845 during the year 1922-1923, according to the annual report which today had been made public by J. A. Cranston, city school superintendent.

In presenting the report to the board of education, Cranston showed that the total given was more than double that of ten years ago, when Santa Ana schools had a grand total attendance of 2791.

Commenting on the report, Cranston said: "My annual report of the Santa Ana schools is herewith submitted. This report includes not only a statistical report for the year past, but a comparison of the attendance of the past year with the attendance for 1912-1913, 1917-1918 and 1919-1920 or with one, five and ten years ago."

"This comparison will be of interest as evidence of the rapid growth of our school attendance and of our city's population during those years."

The report showed that in 1917-1918 the city schools had an attendance of 3307, and in 1921-1922, an attendance of 4813.

In the summary of the superintendent's report figures were tabulated showing that, during the year 1922-1923, Santa Ana kindergarten schools had an attendance of 506; elementary schools, 3506; high schools, 1667, and the junior college, 166.

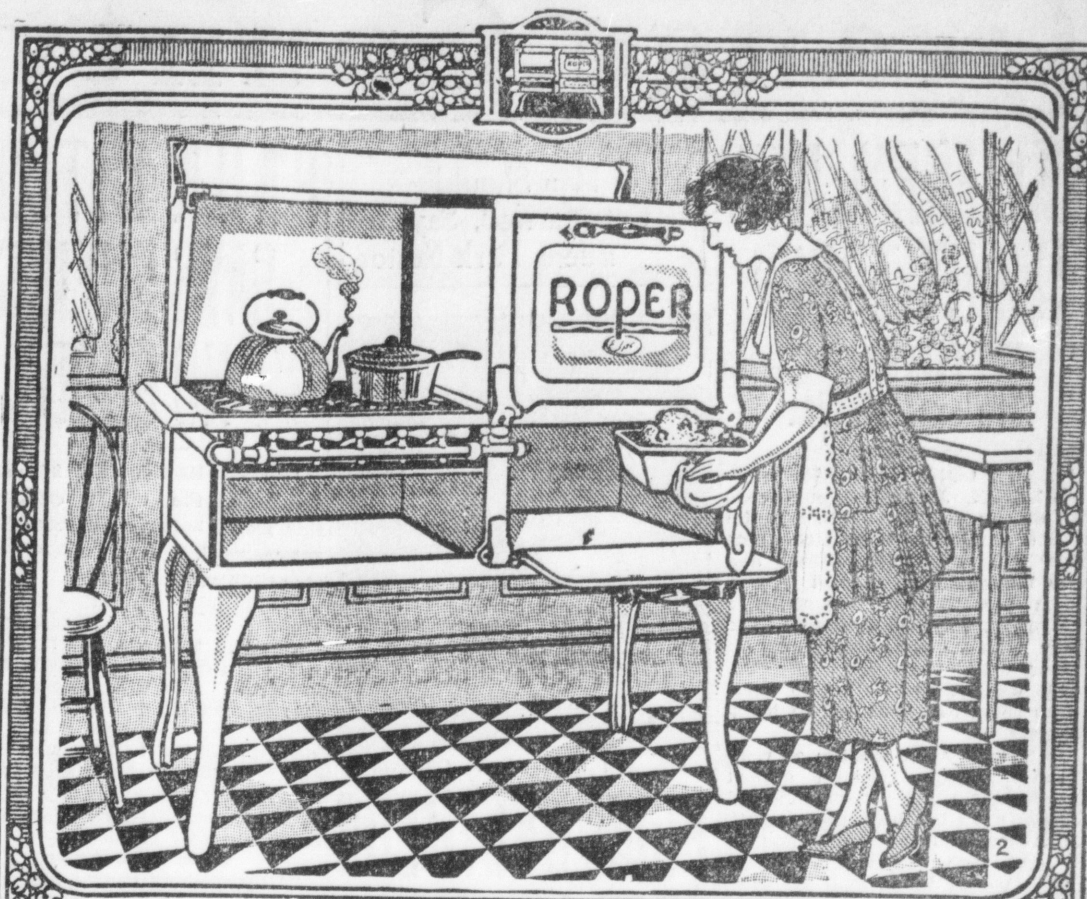

The high schools figures reveal the fact that in ten years attendance has grown from 717 to 1667, a growth of almost 250 per cent.

The average daily attendance of kindergarten schools was 263; of elementary schools, 2805; of the high school, 1121, and of the junior college, 137, according to the report.

VISITS LONG BEACH HUNTINGTON BEACH, July 26. — Mrs. Lily O. Baker of Pueblo, who has been visiting at the home of Mr. and Mrs. Clark H. Reid for the past few days, spent Wednesday in Long Beach. Mrs. Baker was formerly superintendent of schools in Pueblo county, Colorado, and is an old friend of the Reids.

## MAY FORM NEW SCOUT TROOP IN ORANGE

BY LOIS HALLMAN

ORANGE, July 26.—Four years ago eight girls found during the course of their conversation that each had dreamed a dream and each longed to be a Girl Scout. Plans were made by the girls for the organization of a troop but to their dismay they found that a leader with particular qualifications was necessary before their group could be registered at headquarters.

After nearly six months of waiting Mrs. Blanche Upham agreed to take the girls. Then followed earnest work by the "happy eight" under her able leadership and in the end each girl was rewarded with a trefol tenderfoot pin symbolical of the threefold scout law: "On my honor I will try to do my duty to God and my country, to help other people at all times, and to obey the scout laws."

In March 1920 Girl Scout troop one of Orange received its charter and was declared to be the first troop in the county. The following fall eight more girls were added to the roster in the formation of the second patrol.

Today twenty-five girls wear the khaki uniform and pine cone crest of the Pine Cone Troop of Orange. From one leader the number has increased to three. From tenderfoot rank, too, five girls have passed their first class test and seventeen are second class scouts.

Unlike the Boy Scout organization the girls may work for merit badges when they pass their second test. This helps to account for the more than 150 proficiency badges in the troop.

Each summer the girls have had a camp either at the beach or in the mountains. The first year the Balboa Palisades was the scene of activities. The following summer the Y. M. C. A. camp at Modjeska's was used and this year Balboa Island provided an outing to the girls.

Everyone connected in any way with the organization feels that its success is chiefly and mainly due to the wonderful work of its leader, Mrs. Upham. For three and one half years she has met with the girls once a week and has conducted the meetings. For the first year Mrs. Upham had Miss Emily Jameson to help her and for the last two years Miss Genevieve Conger has been the lieutenant.

Every Man Should Get Married, Says Buena Park Nestor

Mr. and Mrs. W. T. Callaway

## PICK OFFICERS FOR LA HABRA FIRE DEPT.

LA HABRA, July 26.—The financial report submitted to the La Habra volunteer fire company at the annual meeting showed during the year the company had raised \$1,622.66 for all purposes, and that there was a balance in the bank of \$1,184.74. Disbursements during the year were \$437.95. Of the money now on hand \$1,084 is in the special fund for purchasing the new fire truck and equipment.

Election of officers resulted in the choice of Charles G. Ferran, president; J. G. Yauner, vice-president; R. E. Launer, secretary; W. C. Stark, treasurer; J. G. Frazier, chief; Sam Woodworth, first assistant; W. L. Pierce, second assistant; Nick Heet, trustee for three years.

It was reported the new automobile fire truck, recently contracted for, probably will be delivered this week and the committee previously appointed to prepare for a celebration in honor of its arrival was instructed to get busy.

George Coleman was fined \$50 and put on six months probation by Judge Hart Saturday. Coleman was arrested at the dance hall charged with having liquor and being intoxicated.

W. P. Fuller & Co., paints, varnishes, plate and window glass, mirrors, 400 W. 4th St. Phone 861.

## PARK CITIZEN SAYS SHEIKS 'NO GOOD'

BUENA PARK, July 26.—W. T. Callaway, the oldest citizen of this place, believes all men should get married. "They need the responsibility," he claims.

He recently celebrated his ninety-third birthday anniversary. At that time he said: "I married my first wife, Mary A. Reeve in 1857. She died a year later leaving one child who died in another year. In 1860 I was married to Louisa I. Lee who three and a half years later died at Macomb, Ill. Then, with my mother, who was seventy-five years old, I made the trip to Idaho.

Goes Back Again

"After a short time I decided to trek to Nebraska as it was nearer civilization. There I met and married my present wife in 1870. After sixteen years in Nebraska we came to California, making our home in San Diego for two years. From there we went to Santa Paula, Ventura county. Twenty years ago we came to Buena Park and I guess we are settled for good."

Mr. Callaway is at the present time writing a history of the Callaway family. He is a man who keeps posted on the news of the day and studies the character, as nearly as he can of the men running for office. He has many interesting tales to tell of the pioneer days in the middle west. His mother, a Missouri woman, lived to be 102 years old.

Sheiks Poor Pioneers

This is what he said about the modern girl and the "sheik": "Well, a woman is as old as she looks but a man isn't old until he quits looking. The sheik would make a mighty poor pioneer. He is only fit for jorjoring and if he hasn't a car of his own he gets one somehow."

Mr. Callaway has always taken an interest in politics. In that regard he said:

"I cast my first presidential vote for Franklin Pierce, democrat. I am and always was a republican, but believe the man stronger than the party and did not like the republican candidate. I had the pleasure of voting for Lincoln for president in 1859, but regret I never saw him. But I did see Henry Clay and Thomas H. Benton, two fine men."

To this day Mr. Callaway follows the use of the axe to cut his own fire wood.

## School Phonograph At Seal Beach Is Taken By Thieves

SEAL BEACH, July 26.—No trace has been found of the thieves who stole the phonograph from the schoolhouse recently.

The children had worked hard to earn the money to buy it and school closed before they had much chance to enjoy it so they feel the loss deeply.

An attempt was also made to take the piano but the thieves were not able to unlock the door and had to abandon it.

Mr. Small from Mexico and Mrs. Anderson and daughter of Los Angeles have been visiting Mr. and Mrs. Joe Clements.

## \$100,000 HOME OF OIL MAN GOING UP

LA HABRA, July 26.—The \$100,000 residence of Peter Weissel is being erected in north La Habra heights. J. A. Smith of Pasadena is the architect.

The building will be of early Spanish style and two stories high. There will be elaborate Spanish tile effects. Many expensive panel and wall paintings will adorn the walls. A large radio set will be installed. There are numerous other features.

A house for the gardener, ranch foreman and help and a large stock barn will be built.

Mr. Weissel was formally a rancher at Santa Fe Springs. Two years ago he leased his property to the Standard Oil company. Recently he is said to have sold his surface rights for \$12,000. He still retains his royalty.

## BEACH SCHOOL IS NEARLY FINISHED

NEWPORT BEACH, July 26.—The grammar school building in course of construction is rapidly nearing completion, it was stated today, and will be open for school at the fall term. The building, situated as it is on ocean front, will make an enviable place in which to learn one's "A B C's."

Judge Levede \$50 Fine

William Coleman, presumably of Santa Ana, was fined \$50 in Recorder Byron Hall's court when he pleaded guilty to a charge of unlawful possession of liquor. He was arrested on the street in a slightly intoxicated condition, police say.

H. S. Ireland of 223 Diamond avenue will erect a \$1500 house on Balboa Island.

King Joseph of Riverside, will erect a \$295 garage on his property at East Newport.

Teacher Visits

Miss Mary Hackman, former teacher at the Newport Beach grammar school, is visiting Mrs. J. A. Porter and Mrs. Minnie Hill during her vacation which she is spending here.

Miss Hackman left the Newport school to enter a nurse's training school in Los Angeles. She recently graduated from that school.

She has a host of friends in the beach city, and is spending much of her time renewing old acquaintances.

**Social-Personal Notes of Orange**

By Miss Lois Hallman, Telephone Orange 317-W or 396-W.

ORANGE, July 26.—Mr. and Mrs. George Maag are spending a few days in Big Bear valley.

Miss Lois Helwig is visiting at the home of her grandparents, Mr. and Mrs. B. W. Helwig.

Mr. and Mrs. J. S. Bates and family of Fayetteville, Ark., are visiting with the W. A. Deyer family.

Joseph Carroll of Anaheim, is completing plans for the erection of a one-story garage building at the corner of Chapman avenue and Cypress street.

Miss Mabel Helming left for the Giant Forest of the Sequoia National park in company with two friends yesterday morning.

Mr. and Mrs. William Whiles are enjoying a two weeks' vacation at San Francisco.

## BREA REBEKAHS MARK ANNIVERSARY

BREA, July 26.—Monday evening was the first anniversary of the Brea chapter of the Rebekahs. It was the first time the Brea team had initiated any members.

Mrs. Florence Anderson and Julius Nastair were initiated into the order. Many guests were present, some of whom were the past state president, Mrs. Lacy of Santa Ana, the president and the district deputy grand master. Visitors from all over Orange county were present.

After the work was completed the Odd Fellows served a splendid luncheon which was cooked by themselves. The Anaheim lodge invited the Brea Rebekahs to a meeting Friday evening and many are intending to go.

## BUILDING AT BEACH SHOWS INCREASE

HUNTINGTON BEACH, July 26.—Building is increasing at Huntington Beach. During this week thirteen permits have been issued.

The latest is a permit issued to Mr. and Mrs. E. B. Greenhall of Los Angeles for the construction of one of the most modern apartment houses on the coast and the finest in the city. It is to be erected on the corner of Ocean avenue and Sixteenth street, at a cost of \$30,000. The contractors for the building are the Harris, Thayer Construction company of Los Angeles. A. R. Sedgley is the architect. The building will contain thirteen apartments.

"The most interesting thing about it to me," said Fred Candee of the local engineering department, "is that it is the first apartment house to be built under the new city ordinance which provides that no apartment shall have less than 400 square feet of floor space. It should mark a new development in apartment house construction, and people will have as much room at their disposal as they have in their own homes."

Several of the apartments in the new building are larger than the required 400 square feet.

Permission was granted O. V. Dart to move two houses from the corner of Olive and Fifth streets, where the theater and store building is soon to be erected by the Huntington Beach Investment company.

J. H. Lawrence, 117 Third street, will be permitted to spend \$2,000 reconstruction on building, which was wrecked some time ago.

John Whitsell, 911 Orange street, will build a garage. Other permits include: Mrs. Jennie Cleppinger, 616 Forteenth street, \$150 improvement; J. C. Andrews, moved house into town, \$2,000; J. S. Stoller, 201 Third street, \$400 improvement; Lois Avery, 416 Ocean avenue, \$250 alteration; Mrs. Eberle, 114 Fifteenth street, \$200 repair; Miley-Keck Oil company, new rig, \$4,000; Mrs. D. Gnoeff, 223 Fifth street, moved small dwelling to 516 Huntington avenue; Petroleum Midway, \$5,000 rig on Hampshire and Quincy acreage.

## CLAIM BOND VOTE NOT UNDERSTOOD

HUNTINGTON BEACH, July 26.—"The grammar school bond election was defeated yesterday morning through a misunderstanding on the part of the voters than anything else," said Principal Clark H. Reid today. Mr. Reid went on to say that a great many of the people were under the false impression that the proposed bond issue was for the purpose of raising the teachers' salaries.

"As a matter of fact," said Mr. Reid, "the bond issue was for the purpose of hiring several new teachers."

"Last year we had an increase in the school attendance of nearly 300 pupils and we expect more than that this year. For that reason we need new teachers. Also, the new building being constructed at a cost of \$250,000, has taken up a large portion of the school playground. Last year a part of our playground was on ground lent us by the Standard Oil company."

"This year we are still depending on the Standard Oil company. As soon as they put wells down on it we will have to move off. For that purpose we needed the playground equipment. I'm sure that if the people had known the real state of affairs the bond issue would have carried by a much larger margin than that by which it was defeated."

Out of 160 votes cast, 59 were for the bonds and 101 against it.

## HOSPITAL REPORTS MINOR ACCIDENTS

HUNTINGTON BEACH, July 26.—Most of the accidents reported at the emergency hospital during the last few days have been of a minor character. The oil fields are fraught with danger and the presence of an emergency hospital, such as the one in charge of Dr. R. E. Hawes, formerly of the Los Angeles hospital, insures the oil worker greater protection than ordinarily.

Those who have reported during the past few days are as follows: P. T. Kelly, 545 Walnut street, Huntington Beach, small piece of steel removed from the right eye. Kelly is employed by the Union Construction company.

O. D. Legg caught the middle finger of his left hand in the reverse link of a rotary machine. He received painful cuts and bruises about the hand and wrist. He is employed by the Selby Root Petroleum company.

B. M. Reese of Costa Mesa received a piece of wicker in the index finger several days ago and infection had set in when he reported to the hospital. He works for the Amalgamated Oil company.

M. Johnson of this city sustained a badly sprained wrist when the man who was carrying the opposite end of a heavy door accidentally let it fall. He is employed by the Pacific Gasoline company.

William Mitchell of 309 Tenth street, who is employed by the Pan-American Petroleum company, had a foreign substance removed from his right eye Sunday afternoon.

## County Union Men To Perfect Plans For Big Program

HUNTINGTON BEACH, July 26.—Representatives of labor unions from all Orange county towns are expected to meet tonight to make further plans for the county observance of Labor day, September 3, here.

Part of the program for the day and night has been decided upon, union men say. The festivities of the day will center along Ocean avenue and the beach. In the evening the new city auditorium will be used.

A motor parade starting from the Orange county harbor cities is to be one of the features, it is said.

There are over 8000 union members in the county and the celebration is expected to be one of the outstanding events in the history of the day's observance in Orange county.

Leaders expect 15,000 people to be present during the day and evening.

The city of Huntington Beach has rendered assistance through a healthy appropriation.

## GROVE GIRLS WILL BE GUEST AT PLAY

HUNTINGTON BEACH, July 26.—The World Wide Guild Girls of the First Baptist church of Garden Grove will be the special invited guests of the local Guild Girls at the presentation of their play, "Wait a Moment," to be given in the church on the corner of Sixth and Orange streets, July 31, at 7:30 p. m.

A complete program has been arranged by the beach girls to entertain their friends from the Grove city. Between the hours of 7 and 8 the play will be presented. From 8 o'clock until 9 o'clock they will enjoy a plunge party and from 9 until 10 o'clock a "weinie bake" will provide the fun.

The cast of the play has been announced as follows: Christina, Miss Ruth Mitchell; mother, Miss Helen Rowley; four-year-old girl, Irma Lee Whitsett; Indian child, Marion Glease; Chinese girl, Zetta Rowley; Alaskan child, Rennie Maschmeyer; college girl, Katharine Helm; negro girl, Blanche Helm; Hindu woman, Margaret Lockhart; Bible woman, Zennie Rush; second Hindu woman, Blanche Pratt; lame woman, Cleo Adamson; nurse, Thelma McKenney.

## Fewer Gas Meters Being Installed

HUNTINGTON BEACH, July 26.—Reports from the gas office do not show the usual quota of people entering Huntington Beach. Perhaps they only come for the day, said one individual. There have been only four persons sign up for gas meters. They are W. Maxwell, 431 Lake apartments; C. E. Aston, 124 Seventh apartments; Betty Chenoweth, 118 Eleventh street, and E. A. Sanford, 116 Seventh street.

## HUGE OIL TANK AT BEACH NOW BEING 'DUG'

HUNTINGTON BEACH, July 26.—Work on the \$250,000 1,000,000-barrel reservoir, now under construction for the Associated Oil company, is being pushed to the utmost, declare officials of the Shattuck Construction company, builders of the gigantic storage tank.

Work was started on the huge tank July 21, and since that time the company has kept a night and day crew on the construction work.

Three hundred men are employed in the building work. Four hundred head of horses and mules, three small tractors and one large caterpillar are also employed in excavating the large amplitude necessary to make the tank.

The tank is the largest of its kind in this part of the country, it is said, and is the only one in the Huntington Beach oil field. It is being built to meet the purpose of overproduction, it is reported from a reliable source.

The tank is egg shaped, being 600 feet long, 400 feet wide and twenty-five feet deep. It will cover an approximate area of nine acres. The walls of the tank are to be of dirt, with a concrete lining.

It is reported, from a reliable source, that twenty carloads of cement, and over 20,000 tons of rock and gravel will be necessary to build the lining of the tank. In building the reservoir it will be necessary to excavate over 100,000 yards of dirt. About 5,000 yards of concrete will be necessary to line it; 7,500,000 feet of board roofing is to cover the mammoth structure.

The men are now hard at work on the excavation work, fire levees and other necessary earthen ridges. It is estimated that the construction work will be over with in about seventy-five days.

Besides this reservoir, the tank farm, situated about one-half mile off the Santa Ana boulevard, has four large steel tanks practically finished and three others under construction which will guarantee the storage of several thousand more barrels of the "liquid gold."

## BEACH WOMAN GOES TO ATTEND FATHER

HUNTINGTON BEACH, July 26.—Mrs. J. J. Paul was called to Bicknell, Ind., where her father has been taken suddenly ill at his home. Mrs. Paul left on the train late Monday evening. She will be gone several weeks, it is expected.

Her father has apparently been in the best of health up until recently, when he was stricken with a sudden illness and a telegram stating that he was not expected to live long received. He is the postmaster of the town.

Suitorium odorless cleaning satisfies. 309 N. Sycamore. Phone 279.

## "God's Wise Men" Pastor's Subject For Sunday Sermon

HUNTINGTON BEACH, July 26.—"God's Wise Men" will be the topic of the Rev. Luther A. Arthur, pastor of the First Baptist church on the corner of Sixth and Orange streets, at his morning service Sunday.

At the evening service the theme will be "Turning the World Upside Down." The regular program will be followed. Bible school 9:30 a. m., morning worship, 11 a. m., Young People's society of the B. Y. P. U., 6:30 p. m., and evening service 7:30. Prayer meeting and choir practice held every Thursday evening from 7:30 p. m. to 9 p. m.

"There will be the usual excellent musical program at the services and the usual large attendance is expected. Hot weather is no hindrance to church going in Huntington Beach where it is always cool and we assure you a well ventilated auditorium," said Rev. Arthur.

## WIFE OF COUNSEL IS BEACH VISITOR

HUNTINGTON BEACH, July 26.—Nathan R. Beaman and Earl R. Reaman, of Glendale, were visitors of R. A. Reaman, proprietor of the Huntington Inn over Sunday.

Mrs. M. Cromer of El Centro, registered at the inn Sunday. She will be in Huntington Beach for some time.

Mrs. L. Van Wertz and sons, John and William Van Hoboken, of San Francisco, visited over Sunday with Mrs. Ella Melensgard of Huntington Inn. Mrs. Melensgard is connected with the Home State bank of this city. Mrs. Van Wertz is the wife of the counsel from the Netherlands at San Francisco.

W. H. Spurgeon and R. L. Spurgeon registered at the Huntington Inn Monday.

Mr. and Mrs. I. B. Hamilton and son, G. F. Hamilton, were visitors in Huntington Beach Monday. They registered at the Huntington Inn.

Mr. and Mrs. W. E. Decker of Indio, visited friends in Huntington Beach over the week-end.

Others who registered at the Huntington Inn while here were Mrs. A. Megar and son of San Francisco. Mr. and Mrs. Earl F. Van Loven of Colton, Andy Bjorn of Los Angeles.

## ICE HOUSE CANYON LURES EDISON MAN

HUNTINGTON BEACH, July 26.—Mr. and Mrs. Clarence Hield and family returned the first of this week from a two weeks' vacation trip at Ice House canyon, near Camp Baldy. They spent several days at the mountain resort and on the road home visited at a number of the beaches.

## That Rainy Day Is Bound to Come! How Will It Find You?

The wise man or woman who always keeps the future in mind when making present plans, does not worry about "rainy days"—either now or when they come. They are ready.

A number of these wise people have an ever-growing investment account with this 30-year-old building and loan association which has a record to lay before you with "never a bad loan." They will be ready. They will be ready not only for a rainy day but for opportunity as well.

How about you? If you have not already started to safeguard your financial future, drop in and let us explain how safe and simple it is to insure your future with a regular monthly investment as low as \$1. We pay 7% on these regular monthly payments and your money is available at all times should any emergency arise.

There is no time like the present to learn the many ways in which this local institution can serve you.

Some Old Stories Are Retold Daily

There is the story of the creation.

That bit of the Old Testament teems with wonderment, majesty, genius and romance. Today man creates his own little world when he builds his home.

History's first cycle repeats itself and there is still much of romance and genius in the story. Prosaic pieces of lumber are transformed into the comfort, the convenience and the spirit of home.

Today is the day for you to begin planning your own little world on Dream street—which you will call home.

Man, a natural builder, today is building for himself, if he is wise.

## RITTER AWARDED UNPOPULAR DECISION OVER SAILOR LARRY IN DELHI BRAWL

### DELHI RESULTS.

Sailor Ritter won from Sailor Larry, decision.  
Young Terry stopped Billy Friedlander, first round.  
Al Sange stopped Joe Grimm, fourth round.  
Toby Montoya won from Pete Gollindo, decision.  
Kid Dago stopped Billie Mitchell, second round.  
Young Spurlay stopped Jack Rose, first round.  
Louie Reis stopped Young Clark, third round.

### BY RINGSIDER

Filled with lust for blood and thunder after an evening of boiling activity, the fans didn't think much of the boxing match between Sailor Larry, San Diego colored middleweight, and Sailor Ritter, Los Angeles 158-pounder, in the main event at Boyd Ellis' Delhi arena last night.

As a matter of fact, it was an exceptionally clever match with Ritter, always on the offensive, finding extreme difficulty in hitting the elusive Larry.

For doing virtually all of the leading Ritter deserved a draw. On points, figured closely, Larry should have had at least that himself. The colored boy kept shooting his long left into Ritter's face and while he was unable to halt the blond scrapper's rushes he did protect himself from the white boy's killing right hand.

### Five Knockouts.

Of the other six bouts, five ended via the knockout route, and one a short affair between Young Dago and Billie Mitchell, went down as the most terrific battle ever waged within the Delhi arena.

Al Sange, Oakland welterweight, carried too many guns for Joe Grimm, the Huntington Beach boy's come: throwing in the towel about the middle of the fourth round.

It looked very much as though Sange could have finished Grimm at will but he seemed content to outpoint him man until time for the last gong neared.

Young Terry proved conclusively that he has a real punch when he reached over and slapped Billy Friedlander to sleep with a straight right that moved about six inches. That was early in the first round

and the fans never had a chance to see whether Friedlander, who came down from San Francisco with a good record, had anything.

Montoya Again Winner.  
Had Pete Gollindo stepped in and exchanged punches with Toby Montoya he might have fared better than he did in the feature preliminary. But Gollindo kept backing away and Montoya, an aggressive fighter, forced the milling and on points piled up a big lead in the first three rounds.

Kid Dago finished Billie Mitchell after a round and a half of assault and battery. They said it was a grudge fight between the pair. It must have been at that.

Mitchell started off like a winner but after weathering several severe fistic storms, Dago popped in a couple of rights that sent his opponent crashing to the floor in the second frame. Mitchell gamely staggered to his feet to go down again under Dago's swinging attack. Then Mitchell's handlers hurried him to the towel.

Much Gore Spilled.  
There was little blocking or feinting but every blow seemed to land with a loud report and much gore was spilled. Dago could barely creep out of the ring at the end. He was stumbling on the brink of a knockout himself.

The ringside fans will never forget the forelorn expression on Jack Rose's face at the close of his bout with Young Spurlay, San Bernardino. The expression came to Rose's face about thirty-five seconds after he entered the ring. Spurlay popped in a couple of haymakers and it was all over. They were telling Rose how it happened on the way to the showers.

Louie Reis had all the best of Young Clark in the eye-opener, dropping his man for the count in the third round with a punch that sunk about a foot into Clark's stomach.

### Sport Flashes

NEW YORK—Benny Leonard and Lew Tendler drew 58,522 to the Yankee stadium Monday night when they fought for the lightweight championship, according to the promoters' report. The receipts were \$462,843, of which Leonard received \$134,862 and Tendler \$57,712.

NEW YORK—William T. Thiden and William M. Johnston have been invited to play a special exhibition match when the new stadium at Forest Hills is opened on August 10. A special team match between American and British woman players will also be staged.

AUBURN, N. Y.—George Lacey, pitcher for the Elmira team of the New York-Pennsylvania league, was suspended for the remainder of the season by the National Association for assaulting an umpire.

SAN FRANCISCO—Harry Wolverton, former manager of the Seattle team of the Pacific Coast league, is not through with baseball. "The Gray Wolf" believes there is a job waiting for him somewhere. He would be glad to finish out the season with some team but says he can wait. Harry was paid off for the rest of the season when Wade Killefer and Charles Lockard released him from Seattle.

OAKLAND—Willie Hunefeldt and Young Dick Hoppe failed to thrill the fans in a four round draw last night. Gene Cline beat Kid Buccump in a torrid match.

LOS ANGELES—"Sunny" Jim," San Francisco negro middleweight, knocked out Gordon McKay of Seattle in the second round of the windup at Madison Square Garden last night. The night before Jimmy O'Hagen took a decision over McKay. Battling Ortega, San Francisco middleweight knocked out Terry Brown in the third round.

TOO BIG FOR PATROL.  
KANSAS CITY, July 24.—Mat Klemencic ate himself out of a ride here. He was arrested for beating his 90-pound wife but because officers could not squeeze Mat's 375 pounds into the door of a patrol wagon, he was forced to walk to jail.

## CRIGUI DEFENDS FEATHERWEIGHT TITLE IN BOUT WITH JOHNNY DUNDEE TONIGHT

Round by round returns from the Dundee-Crigui championship fight will be megaphoned by The Register tonight beginning about 6 o'clock, Santa Ana time.

### By HENRY L. FARRELL,

(United Press Staff Correspondent)

NEW YORK, July 26. — One champion who was game enough and good enough to be a real sport goes into the ring at the Polo Grounds tonight, when Eugene Crigui, war hero, defends his featherweight crown against Johnny Dundee.

Crigui won the championship on June 2 when he knocked out Johnny Kilbane. Instead of going back to France, where his countrymen were waiting to acclaim him, and instead of hitting the stage, the movies the soft ways of the set ups, Crigui picked out the toughest fighter in the whole division with whom to make his first appearance as the champion.

While there was some sort of legal rights attached to Dundee's demand for first chance at the title, the New York commission cannot be decorated for sportsmanship in forcing Crigui to pass up the opportunity to capitalize the title as other champions have done.

Crigui, good soldier and good sportsman, may feel within himself that he did not receive a fair deal,

but he gives no outward appearance of resentment and he has never voiced a protest.

"I'm glad that I have this opportunity to show that I am a real champion. No one can doubt my ability when I have beaten both Kilbane and Dundee. I am going back to France on August 2 as the champion and just as soon as the Americans pick another contender for me I will return," Crigui said today.

Tom O'Rourke, who is promoting the fight, believes that the park will be filled tonight when the second world's championship of the week is staged.

He estimated from the advance sale that 50,000 will see the fight. The receipts will not break any records, as the top price is \$10 for ringside seats and it follows that Crigui will not get a big "take" for defending his title.

Both fighters are to weigh in this afternoon. Crigui will have no trouble making 125 pounds, as he is a 122 pound fighter and, although there have been some doubts about Dundee, the challenger said this morning that he weighed only 125 pounds.

Dundee is ruling a slight favorite in the betting but little money has been offered either way.

A classified ad costs little, but brings big results.

## Greeting Cards

## Announcement

THE STUDEBAKER CORPORATION OF AMERICA is pleased to announce to its customers, friends, and the public generally, its complete line of new

## 1924 Model Studebaker Cars

Avoiding the superlatives frequently used in automobile advertisements, the Corporation desires to faithfully state the facts concerning these cars and the reasons why the public should buy them.

### THE CARS

In design, quality of materials, standard of workmanship, durability, refinements, performance, freedom from repairs, and price, the Studebaker 1924 Model Cars are distinctly the greatest intrinsic values the Corporation has ever offered.

Every improvement the safety and practicability of which have been verified by engineering tests is embodied in these new cars.

### The Big-Six

THE BIG-SIX LINE comprises four models, mounted on the standard 126-inch chassis with 60 H. P. 3 3/4 x 5 inch motor:

7-pass. Touring Car	\$2040	5-pass. Coupe	\$2935
5-pass. Speedster	\$2135	7-pass. Sedan	\$3155

all prices f. o. b. Santa Ana

Refinements and a few minor mechanical changes have been made in the Big-Six, which has established an enviable record for five years. Our large production accounts for its low price. It is a car of the highest grade, comparable to the best.

### The Special-Six

THE SPECIAL-SIX LINE comprises four models mounted on the standard 119-inch chassis with 50 H. P. 3 1/2 x 5 inch motor:

2-pass. Roadster	\$1575	5-pass. Coupe	\$2275
5-pass. Touring Car	\$1595	5-pass. Sedan	\$2375

all prices f. o. b. Santa Ana

Radiator, hood, cowl, and body changes have been made in the Special-Six, with minor mechanical changes and refinements in the chassis. The Special-Six has for five successive years added luster to the name STUDEBAKER. It is one of the most satisfactory and finest cars on the market. It is as good in every respect as the Big-Six, except that it is smaller, and costs less to produce, and therefore sells for less.

### The Light-Six

THE LIGHT-SIX LINE comprises four models, mounted on the standard 112-inch chassis with 40 H. P. 3 1/2 x 4 1/2 inch motor:

3-pass. Roadster	\$1190	2-pass. Coupe-Road	\$1440
5-pass. Touring Car	\$1210	5-pass. Sedan	\$1795

all prices f. o. b. Santa Ana

No body or mechanical changes except refinements have been made in the Light-Six. Over 130,000 Light-Sixes have been produced in the new, modern \$30,000,000 Studebaker plant at South Bend, Indiana, under most economical and

almost ideal manufacturing conditions. In our judgment, it stands out as the greatest value and the closest approach to mechanical perfection in moderate priced cars yet produced.

### THE REASONS WHY

With \$90,000,000 of actual net assets and \$45,000,000 invested in plants, Studebaker has ample physical facilities to manufacture most economically.

Studebaker's organization of manufacturing executives, engineers, metallurgists, chemists, inspectors, and skilled mechanics is second to none in the industry. The design of Studebaker cars and the workmanship upon them conform to the highest principles of engineering standards and mechanical practice known to the industry.

### Best of Materials Used

Studebaker cars contain the finest known grades of iron, steel, aluminum, tires, electrical equipment, glass, bearings, etc. No better materials for automobile manufacture exist. Sheet aluminum has but one-third the tensile strength of sheet steel, and consequently, Studebaker uses sheet steel for its bodies.

By the manufacture of drop forgings, castings, stampings and the machining, assembling and finishing of motors, axles, frames, transmissions, bodies, tops, etc., and the consequent elimination of middlemen's profits, coupled with lower overhead factory costs per car arising from quantity production and low commercial expenses, Studebaker's costs are kept at an economically low point possible of attainment only by manufacturers with vast physical and financial resources.

### Bodies Unexcelled

The bodies of Studebaker cars are not excelled in quality of materials and craftsmanship, by any cars on the market. The Coupe and Sedan closed bodies are magnificent examples of the coach builder's art.

### Merit Wins

The sales of Studebaker cars for the past six years have shown each and every year a progressive increase. 81,880 cars were sold in the first six months of 1923 as against 60,053 for the same period last year. Only products of merit can make such growth.

THIS IS A STUDEBAKER YEAR

POWER COMFORT

## Dainty Ice Cubes for the Home Table

The first purpose of Kelvinator is to supply dry, even cold, which keeps your refrigerator at the same temperature the year around. Kelvinator is so efficient, however, that it brings the housewife many important aids in food preparation.

Kelvinator is so cold that it freezes dainty ice cubes for your table in the Kelvinator ice trays. Many women freeze maraschino cherries, sprigs of mint, or violets in these ice blocks, or tint them to suit the drink.

They also make mousses, ices, sherberts, custards and salads, by placing them in the same ice trays, and leaving them in the Kelvinator for a few hours.

Kelvinator refrigerating equipment completely eliminates the ice-man. It fits right into the ice box you have. It keeps the refrigerator several degrees colder than ice could possibly keep it. We will gladly supply you the full list of Kelvinator users in this community, so that you may satisfy yourself absolutely as to Kelvinator efficiency and economy in the home.

At your request, a courteous Kelvinator representative will call and give you the complete story of Kelvinator. Or, why not come in and see it demonstrated?

modern 4 room apt., unfurnished.  
Adults, at 828 1/2 N. Broadway.

FOR RENT—Neatly furnished 2 room  
apartment. 908 East Brown.

## EVENING SALUTATION

The man who in this world can keep the whiteness of his soul is not likely to lose it in any other.

—Alexander Smith.

## TEXANS HEADED THIS WAY

A Texan told us the other day that a large share of the residents of the state of Texas wish they lived in California. Certain it is that in recent months scores of residents of the Lone Star state have come to Orange county to make their homes. Other California counties have also noted the arrival of many Texans. We are informed that the exodus from Texas has just begun, and that during the next six months California will receive thousands of Texans.

Welcome, Texans! Your virile spirit and independence will mix well with the spirit of Californians, and will enhance and enrich the cosmopolitan nature of our Western blood.

Iowa, which state, among all the states, has long held first place as the source of California's growing population, had best look to its laurels. Shortly, our Californians who were born and reared in Iowa will find that their Iowa state picnic will have to take second place in the list of state gatherings. For Texas is coming this way, and Texas for many years has had a strong representation in this state.

## NOW HAS WHITE MAJORITY

South Carolina's whites are in the majority this year for the first time in more than a century. The negro exodus to the industrial centers of the North, stimulated by business prosperity and the demand for unskilled labor, has swung the balance and the state again takes rank among those where white citizens of native American stock are predominant numerically as in business and politics.

Since the days of reconstruction the whites of South Carolina, embittered by their political and economic woes in that period, have felt constrained to greater efforts to maintain their supremacy than in helping to develop the latent possibilities of the blacks who dwell among them. Now, with a clear majority of their own stock among the voters, they have opportunity to undertake the work too long left undone and to attempt it in a new spirit.

In Northern centers of population, Americanization work among the newcomers from overseas progresses steadily, if slowly, and there can be no question of its value not only to the immigrants but also to the Americanization workers themselves and to their communities. The problem of the South is, in the last analysis, somewhat similar, and persistent effort toward its solution cannot fail to be productive of gratifying results, however slowly these results may come.

Circumstances beyond the South's control have hampered the work for too long. The shift in population should make endeavor to this end increasingly productive, and the whole nation will profit with the South as it develops.

## THE HEAVENLY MAP

There is one map now nearing completion which was begun in 1887 and to the making of which experts from 18 nations have contributed their scientific observation and skill.

This is a map of the heavens, including a compilation of the stars as far as man's knowledge of them goes. Stars to the sixth magnitude may be seen with the naked eye. The map shows stars to the fourteenth magnitude, of which there are some 20,000,000. Astronomers now estimate that there are 300,000,000 heavenly bodies visible through powerful telescopes. And with the construction of more powerful lenses more stars continue to appear. As human counting goes, the number appears to be infinite.

Perhaps increasing knowledge of the vastness of the starry heavens makes the importance of our own small Earth to some seem to dwindle to near nothing. Is it not, in reality, greatly enhanced? To be even a small part of such a wondrously great and beautiful universe is thrilling and glorious.

## CONCERTS IN THE ARCTIC

When the present MacMillan expedition set forth for the Arctic regions there was much local excitement over the fact that the exploring vessel was equipped with a radio outfit which would enable the public here at home to keep in touch with the ship's daily progress. Instead of being swallowed up in the Far North, the explorer's party could send home the tale of its adventures as fast as they occurred. Little was said about the receiving of messages by the Bowdoin's crew, and few of the amateurs eagerly tuning in for Arctic news thought of anything more than their own interest in the experiment.

In one of Capt. MacMillan's recent communications he says: "Static is bothering our radio work, but we have enjoyed several excellent concerts and have picked up amateur stations in Iowa, Texas, North Carolina and many places throughout the eastern and middle western part of the United States."

The silent places are no longer wholly silent. An instrument devised by man can bring music to the Arctic explorer.

## VICTORY THAT COUNTS

"Victory is what the American Magazine is interested in," wrote John M. Siddall, late editor of that magazine. "Victory for the individual over the odds that beset him. There are all kinds—sickness, lack of education, opportunity or money, environment, bad habits, absurd weaknesses, every sort of mental, physical and spiritual barrier of 'The Pilgrim's Progress.' Money is one of the counters in the game, but only one."

Victory of this sort is what the American citizen is interested in, too. And it is one of the promises of a living democracy that money is only a counter in the game of life, and but one of many counters.

## OVER-PRODUCTION OF WHEAT

A world grain expert figures there are 50 million more bushels of wheat available in the leading countries this year than in 1922. Since the world is not apt to eat that much more wheat, it is rather obvious that the slump in wheat prices has been partly due to this surplus.

Stability of production is the farmer's chief prob-

lem. Ranchers of this county have had experiences with this kind of thing. They know that the natural impulse following an overproduction year is not to plant the crop that was over-produced. The farmer who had low prices for his product one year is apt to want to change to another crop the next year. Sometimes this results in under-production. California has had several experiences of that kind with potatoes. We wonder if next year's wheat will fall short of the need, and the price be high.

## Let There Always Be Light

The recent report made by the "Committee on Plan of the City of New York and Environs," which foresees that by the year 2000 that locality will have a population of 23 millions or more, is arousing much comment. Visionary as the facts on which this grand total has been calculated may be, they do remind us of the crowded condition in which the world, and the United States especially, may find itself even within the time of those now younger among us. Enlarged populations have a special attractiveness for realty operators and for chamber of commerce statisticians. For certain others these afford a food for nightmares. They foreview a cannibalistic struggle for existence, a mad combat with disease, a continued world war or a universal poverty.

Happily for the most of us, even those who dwell on such figures of population, the problem is not one either for pointing with pride or viewing with alarm. The world growth is inevitable, the advance in real estate prices in general is inevitable, the struggle for existence is inevitable, the danger of disease and war, and the increased happiness also that comes from greater population, are equally a part of the scheme of things.

What this certainty of greater population will mean, for intelligent men, is rather a demand on their capacity for organization. For some of us there is a horror in the massing of men, for others, an equal capacity for happiness, provided only that a moral sense of justice be backed up with an intelligent sense of organization.

The only really horrible thing is confusion. In the beginning, God saw that there was but one thing necessary in the chaos of things to make a good world.

That was "Light."

## Is He in Earnest?

The reported interview with Dr. William Allen Pusey, president of the American Medical association, approves of the decision giving physicians unlimited opportunity of prescribing alcohol as medicine.

"Medicine is a science," says Dr. Pusey, "and if alcohol is a medicine it is as illogical for a law-making body to say how it shall be used as for such a body to attempt to regulate the use of quinine or any other medicine."

It might be pointed out that "medicine" is not a science, but the practice of a professional art, dependent for its value upon the character of the practitioners that operate in it. The law very properly, as Dr. Pusey would not deny, forbids a good many practices that have been indulged in at times by graduates of medicine. And, equally, it is proper for the law to regulate the use of alcohol as a "medicine," to prevent any perversion of medical opportunity to vicious practices.

Undoubtedly Dr. Pusey is right in this, that if a physician is proper in employing medicine in one instance, he might conceivably employ it properly in a thousand cases a month, rather than the hundred to which the Volstead act would limit it. But if Dr. Pusey is really in earnest in protecting the right of physicians to employ alcohol as a medicine, whenever it has value as a medicine, will he also, as a measure to justify the standing of his profession, see that every man who does prescribe whiskey as a beverage, in violation of the laws of the United States, is promptly expelled from the medical association and in due course deprived of his license as a physician?

Or is Dr. Pusey really in earnest about his profession?

## Sound Banking First

Three banks in Shelby and Great Falls have closed their doors following the Dempsey-Gibbons fight. There have been persistent statements from executives that the fight promotion had nothing to do with the closing of the banks. Maybe not, but the assurances do suggest, "The lady goth protest too much." There was doubtless tremendous town pressure to make good the money pledged to secure the fight. One, at least, of the bankers, was active in raising the money.

Whether the amount of money, advanced did actually embarrass the banks, the situation serves to call attention once more to the fact that banks are in the very nature of their business, the trustees of other people's money, and their first duty is to their depositors. Banks are not infrequently criticized because it is charged they do not adopt a liberal enough policy. Banks, naturally, want to put out money. That is how they live. Their own business interest prompts a policy as liberal as is consistent with safety—of their depositors' money. But the moral obligation of trusteeship is paramount. And this moral obligation must resist all kinds of community or other pressure to overstep the limits of sound banking.

## New Firearms Law

Effective August 7 there is a new law dealing with the possession of fire and other arms which can be concealed on the person. Its intent is to prevent the criminal class from owning such weapons while permitting honest men and women to own them and use them for protection.

A few weeks ago one of our citizens shot and killed a burglar. As an incident, so far as our recollection serves, it was unique. Either respectable citizens when endangered fail to shoot or fail to hit. Occasionally a policeman pots a criminal, but not often. The criminal usually shoots and hits. Whether the new law will make any change remains to be seen. We hope it will.

It does not seem possible to prevent criminals from getting possession of revolvers and ammunition. They can be bought anywhere out of the State or got by the some simple process of stealing them. A rigid system of licensing and dealing roughly with unlicensed persons when caught with forbidden arms should have some effect. At any rate, it is to be tried. To a great extent it will be a question of enforcement.

## Gains in Wealth Huge

Counties of the Southland show enormous increase in assessment valuations as compared with last year. In Central and Northern California, too, notable gains are shown. Fresno County, for the stance, just reports an increase of \$11,000,000 in its assessment as compared with last year. This represents actual increase in values. It means that California constantly is becoming richer, and that this is a sign of a living democracy. At the present rate of gain, California within a few years will vie with the richest of states for leadership in volume of wealth.

There is hardly any limit to the possibilities of wealth development in this state. Its natural resources are rich almost beyond computation. And opportunities for gainful pursuits are very inviting indeed.

## The Peaceful Old Farm

## Your Obstacles

We do our best work under difficulties, the same as an army puts up its best fight when trapped in a corner. No songs were written, no orations delivered about an army that had easy picking. Heroic deeds—really big accomplishments—are staged by the warriors who win in the face of desperate odds, such as the handful of men holding the mountain pass or trench until help arrives.

A good thing to keep in mind, when our obstacles seem beyond our powers to handle them.

It's the working of a natural law.

\*\*\*\*\*

Farmers and amateur gardeners often wonder why crops can't grow as prolifically and with as much strength as weeds.

This is the answer: Weeds grow wild, with no helping hand, and they have to fight hard for existence or perish. They fight hard. That's why they survive.

Take a garden. The vegetables receive almost constant aid from man. They are, in effect, pampered. Through many generations they have come to "expect" this outside aid, in the sense that by having this aid supplied to them they have lost much of the natural vigor and initiative of vegetable life in the wild state.

Progressively, as you take the obstacles away, the garden truck becomes weaker in ability to compete for existence without growing things. So with all of us.

Obstacles are sent to make us fight, thereby developing our powers, our strength.

\*\*\*\*\*

Carveth Wells, explorer, blazed a railroad route through Malay jungles. He and his crew hacked their way through the dense wild growth. When they returned, months later, they found that the surveying stakes which they had driven along the path had grown up into tall bamboo trees. That wouldn't happen with domesticated trees, accustomed through generations to being pampered and aided, and thereby weakened. The bamboo, forced to struggle in competition with millions of other specimens of plant life in the dense jungles, had built up a tremendous power of growth and victory.

You find the same thing in the Far North, where short summer seasons make the struggle for existence so acute and intense that vegetation grows with almost asparagus speed, and spilled grass seed even sprouts in the cinders along railroad tracks. Compare this with the trouble you have growing grass on your lawn. Success of the able, like survival of the fittest, necessitates a hard struggle.

## Worth While Verse

## THE GLAD SIDE

When life is all sunshine and roses, my dear,  
'Tis easy enough to be glad;  
There's a smile on our lips and a song in our hearts,  
With never a thought that is sad.

But when there are clouds in the sky, little girl,  
When briars by the road-side we find,  
It is easier still to be sorrowful, dear,  
To glimpse not the pathway behind.

But we must keep smiling the bravest of smiles  
And look for the side that is glad.  
We must keep right on singing and soon we shall see  
The thorns all with roses are clad.

For life has its many gray days, little girl,  
Its briars are me and for you—  
But the roses are sweeter because of their thorns,  
And clouds make the sky seem more blue.

—Irene Judy.

## Tom Sims Says

Being homely has its little worries. A New York jury has convicted a woman of murder.

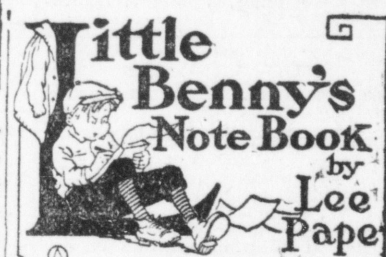

Most important thing about a political machine is the clutch. Hunt the bright things. Even cantaloupes have their good points. They never squirt in your eye.

Girls swimming in fancy earrings are liable to come up with a fish flopping on one.

These are the days summer boarders get corn on the ear eating corn on the cob.

Now and then you hear of a stream being dragged for someone who didn't ask if it was deep.

In this auto age, the hen may cross the road because she is despondent over bad helath.

I was wawking erround to Mary Watkinses house after supper last nite and who did I meet going in the same direction but Puds Simkins, me thinking. Some people dont know 2 is company and 3 is a crowd. And I sed, Ware you going? I bet you're going erround to Mary Watkinses, aint you? I sed.

I bet you're going there yourself, Puds sed.

Well wat of it if I am, I sed. Well was of it if I am, Puds sed. This is a free country for me as much as it is for you, he sed.

Aw dont talk so much, I sed. Shut up and keep quiet, Puds sed.

And we kepp on wawking erround together and talking to each other like 2 enemies and wen we got erround to Mary Watkinses frunt steps she was setting on them and who was setting on them with her but Puds sed, cuzzin Pusey Weeved this definition.

Im sorry I every had him for a cuzzin, Puds sed. And me and him kepp on getting so neer we was almost wawking past, Mary Watkins saying, Hello boys, ware you going?

Sounding as if she thawt we was going somewares elts, and I sed, O, no wares. No wares, Puds sed. And we wawked all the ways past and then kepp right on going, Puds saying, O, wat do I care, she aint so much.

Sure, who does she think she is? I sed. Lets go erround in frunt of the movies and watch the people going in, I sed.

Wich we did.

## IN THE LONG AGO

From the Register Files

City Assessor R. L. Freeman completed his assessment today, showing Santa Ana's valuation to be \$5,601,450, an increase of \$17,515 over last year.

Newport Beach city is boring a new water well.

Anaheim has finished arrangements for paying its two main streets, at a cost of \$50,000.

Tomorrow voters of the Delhi Drainage district are to vote on a proposal for \$25,000. The money to be raised will be used in digging drainage ditches.

A call has been issued by H. C. Head and L. M. Hopper for a meeting of Democrats and others who are interested in the election of William J. Bryan for president. The club is called the Santa Ana Bryan club.

George L. Cosart of Orange, hunting in Ladd canyon, killed two bucks in one day. John Hansen and Elmer Morrison were hunting with him.

Dr. J. P. Spaulding has sold his cigar stand on Fourth street east of Main, to S. G. Shoemaker, who has been living on a walnut ranch at Fullerton.

Street Superintendent C. R. Ward has given notice to property owners that sprinkling of streets will cease August 1.

For rent—Six room cottage, \$7. 512 Spurgeon street.

W. W. Butterfield of Santa Ana, has just finished building five cottages at Newport Beach.

Martin Warren and Malcolm Tedford left for Catalina island to enter the Y. M. C. A. camp preliminary to the arrival of a crowd of Orange county boys.

## Bloc vs. Party System

Chester H. Rowell

(While Chester H. Rowell, former editor of the Fresno Republican, was visiting W. A. Fitzgerald, editor of the Stockton Independent, and former managing editor of the Republican, Rowell dictated the following statement concerning the Farmer-Labor movement. Rowell recently made a study for World's Work of the political situation in the north and central west. Some of his comments were published in The Register. Rowell's analysis of the meaning of Magnus Johnson's election in Minnesota is here given as published by the Stockton Independent.)

## BY CHESTER H. ROWELL

The election of Magnus Johnson

in Minnesota demonstrates that the radical reaction of 1922 still exists and must be reckoned with by politicians in their plans for 1924. It is already evident that the politicians themselves understand this. The very personal incongruity of Johnson in the senate further emphasizes the significance of his election. In normal times it would have been impossible.

The immediate cause of the election in Minnesota was, of course, the price of wheat. The farmers on election day were harvesting wheat, which they knew they would have to sell for less than its cost to produce it. Such a situation always favors the outs and is bad for the ins. Governor Preus, while an orthodox regular in political affiliations, is an advanced progressive in policies. He proposes real and constructive remedies for the situation of the farmers, but he is actually in office and these remedies have not improved the price of wheat.

Johnson proposes impossible remedies, but being out of office he does not have to stand the test of results. So the out wins on a protest vote, on a hard times issue.

The only national importance of this election is its immediate effect on the senate's majority and its possible reflection on next year's presidential situation. With Johnson in the senate, there is no longer a working Republican majority. In fact, there can be no majority in the senate, except by a combination of blocs.

The situation obviously tempts the Democratic party to nominate a radical candidate in order to make that party the organ of the radical revolt. If it were left to the Democratic voters that candidate would be Henry Ford, but the Democratic politicians will undoubtedly stack the convention so as to make Ford's nomination impossible. Just as the Republican politicians stacked the conventions of 1912 and 1916 to make Roosevelt's nomination impossible. Under the Democratic two-thirds rule, this is even easier in a Democratic convention. Then the obvious policy would be to substitute some regular Democrat nearly as radical as Ford, so as to prevent any effective third party movement. The only trouble is that nobody knows the name of a conspicuous Democrat who satisfies this definition.

On the Republican side, the rules of the game, if it remains a game, make the nomination of Harding certain. Even if that nomination, like the nomination of Taft in 1912, meant inevitable defeat. And it must be remembered that after the convention assemblies, it is a pure game, played by gamblers, who care more for pre-emption of the rules of the game than they do even for winning it. No one can prevent Harding's nomination except Harding himself, and any personal pressure on him to take that step must be done before the convention and outside the formal rules of the game. If Harding is nominated, the Democratic candidate must be a radical, or there will be a radical third party candidate, who may come almost as near to extinguishing the Democratic party nationally, as radicalism has extinguished it in Minnesota and the adjacent states.

If Harding by his own act should eliminate himself, the present program all centers about Hiram Johnson. While Johnson has not become a conservative, he has qualified as a regular and that to the political insiders is even more important. They assume that he can hold the radical vote enough to prevent a radical split and they are willing to endure his progressivism now that it is no longer accompanied by the greater crime of political irregularity. "Ed" Smith, the old-time railroad boss of Minnesota, sometimes spoken of as the Herrin of Minnesota, said to me, "If Harding is not nominated, I am for Johnson, as our only escape from La Follette."

If Johnson is some other progressive should be the Republican nominee, then presumably McAdoo as a progressive would be the Democratic nominee, and the reactionaries and radicals would either divide between these two

progressives, or start third parties or blocs of their own.

A more interesting speculation is whether this political break-up in the northwest may not be the beginning of the substitution of the bloc system for the two-party system in American politics. This has already happened in congress. Neither party is now in power in congress and except for purposes of formal organization, all the voting groups are now blocs instead of parties. In these radical northwest states, the Democratic party has ceased to exist and the Republican party has ceased to be a Republican except in Minnesota, where it has been twice defeated by a radical new party. The Democratic party survives nationally in three otherwise unrelated groups. It consists throughout the nation, first of those persons who are individually "just Democrats," on principle or tradition, or who find in the Democratic party an efficient organ of protest; second, of the white voters in the south, and third, of the Tammany wets of the great eastern cities. If the Democrats of the first group should scatter generally, as they have already done in the northwest, there would remain nothing to hold the other two Democratic groups into one party, and it would disintegrate into blocs.

There would immediately follow a factional struggle for control of the Republican party, in which the defeated faction would be sure to secede. The radicals have already demonstrated that they cannot form one third party, but can easily form several fourth or fifth parties. If all these things happen, the bloc system will be full grown in the United States and far-fetched as may seem, it is no more than has already happened in one form among the representatives of the people in congress and in another form among the people themselves in a large group of states. I think this complete disintegration of the party system is much more probable than the addition of an important third party to the two-party system. There are either going to be only two major parties in America, or there are going to be more than three, none of which will be in the majority.

If this should happen, there is an interesting consequence which perhaps many people do not realize. It is a physical impossibility under the American constitution to elect a president under a full-fledged bloc system. Nobody would have a majority of the electoral votes and the election would regularly go into the house of representatives, where each state would have only one vote. As an emergency measure, the constitution provides that the house may elect a president, but no free people would permanently submit to its regular use. The parliamentary systems of Europe, in which the parties are inside the structure of government, instead of outside of it, can operate with three parties or with forty, but under our system somebody has to have a majority. So if this present tendency toward the bloc system goes on to the goal for which it is now headed, we shall either have to back up and re-establish the two-party systems with no clear division of issues, on which it would not be possible to base two new major parties, or else go forward and change our form of government to the European parliamentary and ministerial system. This may seem too startling a speculation to take too seriously, and probably it would be rash to expect it to happen so early as next year, but unquestionably it is the direction in which the present forces are drifting.

## Substitute for Gold

The Swedish cheap jewelry alloy called "Dizgold" is claimed to combine the color and luster of gold with the hardness and durability of steel, also to have great resistance to the action of acids and alkalis. It seems to be an aluminum bronze with copper in varying proportions up to 90 per cent. It is stated to be a good substitute for German silver, which contains considerable nickel as well as copper, with small amounts of aluminum and zinc.

## NO. 19—TROUBLE IN RAINBOW LAND

Everywhere old Cross Patch went in Rainbow Land he caused unhappiness.

Every time he waved his dreadful magic stick he made somebody miserable and the Twins and Master Sky Bow tried their best to catch him and put him out.

But so far the sly old wizard had escaped them.

When the little adventurers came to the town of the Upsy Downies, weren't they trying to turn their queer little houses around!

"We've just discovered that everything we did was wrong," said old Cross Patch.

"Oh, then you don't talk backward any more," said Nick.

"No," sighed the Upsy Downy. "We don't live backward either. But it was lots of fun to be different from other people. Now we'll just be like everybody else."

"No, indeed, we're not," answered the Upsy Downy.

"Then why don't you do like you always did?" said Nick. "And be happy again."

"Why, we never thought of that," declared the Upsy Downies brightly. "Of course we shall. What do we care about a silly old stick!"

"That's right," said Nancy. "Common sense is better than all the magic in the world."

So the Upsy Downies began to turn their houses back again and when the Twins left they were chattering happily to each other backward, "sensible being like nothing there's," they said.

The Twins went along until they came to the place where the Rimles lived.

The Rimles looked gloomy. "We don't believe in poetry any more," they said. "Cross Patch has bewitched us."
